# KIVI MANUAL TIP-UP PLATE

Vehicle mounted lifting board for safe vehicle transfers

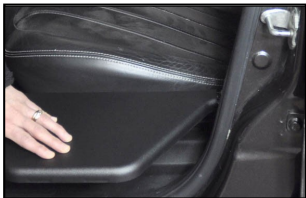

The **Manual Tip-up Plate** is an aid used by people who find it difficult to transfer to the front passenger or driver's seating position.

As the transfer board is fixed onto the vehicle with a lifting column this reduced the safety risks involved with transferring.

## FEATURES

-  Various plate sizes available
-  Plate can either be removed or folded out of the way
-  Low profile design allows this to be installed into most vehicles

## SPECIFICATIONS

-  120kgs user weight capacity
-  Removable or Foldable versions available

The **Manual Tip-up Plate** has a transfer plate that can be folded up out of the way or removed and stored in your vehicle.

It is recommended for vehicles where the seat is lower to the ground and the user has difficulty jumping the gap between the wheelchair and the seat.

## BENEFITS

-  Reduces the effort required for vehicle transfers
-  Provides you with the independence you deserve when travelling to and from your destination
