

Why Pure Water?

What are the benefits of having your windows cleaned using a Pure Water System and Water Fed Pole?

Zero Environmental Impact

No chemicals are used in the cleaning process, only the natural cleaning properties of Pure Water.

Increased Safety

By using Water Fed Poles safety issues associated with ladders, scaffold and repelling are reduced or eliminated.

Less Exterior Impact

The use of extension poles reduces potential damage to landscaping and building exteriors.

Cleaner, Longer

Windows stay cleaner longer with Pure Water. No soap or detergent residue is left behind.

Protects Your Investment

Low pressure Pure Water helps keep weep holes clean & flowing properly.
