

## Laverne Area Chamber of Commerce

### 2026 Sustainability Matching Grant

We are offering (one) matching grant UP TO \$500 to a CURRENT Chamber businesses/organization that apply by:  
**March 31, 2026.**

The business/organization will include with their application an estimate of their project & detailed description of plans. The application can be for materials only if they choose to complete the project on their own or a bid from a contractor if they will not complete the project themselves. Since the Laverne Area Chamber of Commerce is sponsoring the matching grant, the use of local contractors and purchasing of materials locally is strongly suggested, but not mandatory.

The committee will select from the applications turned in on time who will be awarded the grant. The committee will be made up of the current board of directors (as they are not eligible to apply for the match grant).

**The business that is awarded the grant will have SIX MONTHS FROM DATE OF AWARD NOTIFICATION (4/14/2026) to complete their project. Any project that is not completed by deadline will go back through the application process. Extensions may be allowed if due to extenuating circumstances.**

The business/organization will pay their half of the project, and the Laverne Area Chamber of Commerce will match up to \$500. For a project over \$1,000, the first \$500 will come from the business/organization and all expenses over \$1,000 the business/organization will be responsible.

If a project is under \$1,000 and therefore not requiring a matching grant of up to \$500, the business will pay their half, and the Laverne Area Chamber of Commerce will match with the other half.

Before and after pictures will be taken and will be available to the Laverne Area Chamber of Commerce to use as they see fit. (Examples: newspaper, social media)

#### Possible Project Submission Ideas (must be tangible as in building improvement, equipment purchase/repair):

- Facade or Interior Building Improvement (Examples: Signage, Paint, Landscaping, Lighting, Murals, Etc.)
- Equipment purchase/repair
