

# The Faithful in Christ Ministries Name and Logo

Here is some background on the name and the logo representing Faithful in Christ Ministries.

## **Our Name**

The name Faithful in Christ Ministries is one that represents both our intent and our practice. God desires all believers to be faithful – first of all to Him, then to our Lord Jesus Christ and also to the rightly divided Word. Faithfulness is a theme throughout the Bible. The believers in Ephesus are called “the faithful in Christ Jesus.” As a ministry we endeavor to “hold fast the faithful word as we’ve been taught” and to commit that same Word to other faithful men and women so that they can teach it to others.

The word “Ministries” represents all the various ministries in operation within the Body of Christ and it also represents our association with other like-minded ministries with a similar purpose and direction.

Our purpose is stated in “Serving Home Churches.” The primary purpose of Faithful in Christ Ministries is to serve and support home churches and their leaders anywhere in the world. Following the day of Pentecost in Acts 2, the believers began meeting in their homes to teach and preach God’s Word. This is a pattern seen throughout the Church epistles. The home is where the Word lives first. Our door is always open to everyone – families, singles, adults and children. Anyone who enters under the roof of our ministry home to hear the Word of God is welcome.

## **Our Logo**

Our logo is designed to show that the Word of God is central in our homes and to our ministry. The home is where it starts, in a family with God first and with Jesus as their Lord being the central focus of their home, and as a family living the truths and values from God’s Word. There is a fire on the inside of the home as represented by the smoke in the chimney and it illustrates that the love of God burns white hot there. In addition it represents the power of the gift of Holy Spirit that resides within each one of us. The flowing lines at the bottom of the logo illustrate that our ministry is fresh, dynamic and fluid. In addition, the colors have meaning – blue representing peace and tranquility in the household and green illustrating growth, personally and as a ministry. Both the colors flow together implying that these traits are intricately linked together.

Welcome to Faithful in Christ Ministries. Welcome home.
