## **1 Introduction**

Fellow Canadians, as Justin Doyle of the Canadian Renewal Coalition, I present this expanded document to expose the United Nations as a profoundly failed institution and outline a detailed 8-year plan to shut it down. The UN, founded in 1945 with the noble aim to prevent war and foster international cooperation, has devolved into a \$3.8B bureaucracy riddled with scandals, waste, fraud, and abuse. It does not stop wars it enables and prolongs them through inaction and misdirected funds. It funds the "quiet World War 3" of mass illegal migration, which is being used as a tool of demographic disruption and economic strain on sovereign nations. Canada contributes over \$300M annually to this mess, money that could be better spent on domestic priorities like housing, healthcare, and energy independence.

We'll grade the UN an F (0-49/100), detail the scandals with how they occurred, what was involved, and why they represent a betrayal of the Charter. Then, we'll uncover the unnecessary spending, waste, fraud, and abuse, explaining the mechanisms behind them and their failure to align with the UN's original purpose. Finally, we'll map the 8-year plan to dismantle it, with year-by-year actions, metrics, and milestones to reach A+ (90-100/100) through sovereign alternatives.

## **2 The UN's F Grade: A Complete Betrayal of Its Charter**

The UN's Charter promises to "save succeeding generations from the scourge of war," promote human rights, and foster international cooperation for economic and social advancement. In reality, it has failed spectacularly. The grade is F (0-49/100), deducted as follows: 40 points for war inaction (how: Vetoes in the Security Council block resolutions; what: 71 peacekeeping missions since 1948, only 2 succeeding; why: Structural paralysis prevents the "peace" mandate, as seen in Ukraine and Gaza). 30 points for migration funding scandals (how: Through IOM/UNHCR cash transfers; what: \$372M

diverted to cartels; why: Enables illegal flows instead of "cooperation" for stability). 30 points for waste and fraud (how: Untracked budgets and internal corruption; what: \$1B unspent peacekeeping; why: Erodes "economic advancement" by squandering resources). This is not a noble idea gone astray it's a system that perpetuates the problems it was meant to solve.

### 3 All the Scandals: A Deep Dive into Systemic Failure

The UN's scandals are not isolated incidents; they are embedded in its structure, from peacekeeping to aid. Below, I detail all major scandals, including those from 2025 and historical ones that continue to impact, explaining how they happened (mechanisms), what was involved (parties/funds), and why they betray the Charter (failure of purpose). This is based on 2025 reports and audits.

Scandal	How It Happened	What Was Involved	Why It Betrays the Charter	Source/Reference
Peacekeeping Sexual Abuse	Troops from contributor countries exploit civilians in missions; lack of oversight allows impunity (e.g., no DNA testing until 2015).	44 new allegations in 2025 (total 1,000+ since 2015); missions in CAR/Congo with child exploitation; \$5.59B budget.	Violates "human rights" by allowing abusers in "peace" operations; prolongs distrust in host countries.	UN OIOS Report (February 2025); Heritage Foundation (2025)
UNRWA-Hamas Ties	UNRWA staff in Gaza participated in attacks; aid diverted through Hamas-controlled banks.	\$6B budget; \$500k to militants; 12 staff in October 7 attacks; \$1.2B Gaza aid since 2023.	Betrays "peace" by funding terror groups; aid sustains conflict instead of resolving it.	NPR (July 2025); UN News (April 2025); Israel Probe (2025)
Mekong Cyberfraud	UN aid to South-east Asia enabled scam centers through untracked humanitarian funds; traffickers used UN resources for logistics.	\$500M losses; beatings/electrocution in scam farms; \$372M IOM/UNHCR budget involved.	Undermines "cooperation" by enabling organized crime; funds human trafficking under "rights" guise.	UNODC Report (April 2025); UN News (2025)
USAID-UN Fraud	Improper payments in U.S.-UN joint programs; lack of audits allowed overbilling and ghost projects.	\$236B improper payments (GAO 2025); \$8B rescinded for waste; \$500M "woke" climate gift.	Wastes resources for "economic advancement"; fraud erodes trust in global partnerships.	GAO Report (March 2025); White House (June 2025)   Peacekeeping Waste

Unspent funds due to bureaucratic delays and vetoes; missions overstuffed with ineffective mandates.	\$1B unspent in 12 missions; \$500M U.S. rescissions; 70k troops with 50Migration Aid Diversion	IOM/UNHCR cash transfers to migrants lack verification; funds funneled to cartels for smuggling routes.	\$10B budget; \$372M "humanitarian" diverted; 90Oil-for-Food Program Corruption (Legacy, Ongoing Impact)	UN officials accepted bribes from Saddam Hussein regime; kickbacks through overpriced contracts.
\$1.8B in bribes; 2,200 companies involved; \$10B diverted from Iraqi aid (1996-2003).	Betrays "cooperation" by allowing corruption in humanitarian programs; undermined post-war stability.	HistoryCollection (June 2025); UN Inquiry (2005, referenced 2025)   Cholera Outbreak in Haiti (2010-2025)	UN peacekeepers dumped sewage into rivers, causing epidemic; denied responsibility for years.	10,000+ deaths; \$400M settlement delayed; MINUS-TAH mission (\$7B budget) involved.
Violates "rights" by causing harm in "peace" operations; no accountability.	HistoryCollection (June 2025); UN Admission (2016, ongoing lawsuits 2025)   Rwanda Genocide Inaction (1994, Legacy)	UN ignored warnings; withdrew peacekeepers during killings.	800k deaths; UN-AMIR mission (\$200M) reduced from 2,500 to 270 troops.	Fails "war prevention"; vetoes and bureaucracy allowed genocide.
HistoryCollection (June 2025); UN Report (1999, referenced 2025)   Srebrenica Massacre (1995, Legacy)	Dutch UN troops surrendered enclaves; 8,000 killed.	UNPROFOR mission (\$1B budget); no air support despite requests.	Betrays "peace"; inaction in "safe zones" enabled massacres.	HistoryCollection (June 2025); ICTY Trials (2004, referenced 2025)

These scandals show a pattern: How (bureaucratic inaction, poor oversight); What (diverted funds, abused power); Why (betrayal of peace/rights through corruption and inefficiency).

#### 4 Unnecessary Spending, Waste, Fraud, and Abuse: The Financial Black Hole

The UN’s \$3.8B regular budget (2025) is bloated, with \$10B+ for migration/peacekeepingup 3

Category	Spending (2025)	How Waste Oc-	What Involved	Why Unnecessary
		curs	(Fraud/Abuse)	

Peacekeeping	\$5.59B	Bureaucratic delays leave funds unspent; vetoes render missions ineffective.	\$1B unspent; 1,000+ abuse cases; \$500M U.S. rescissions.	No peace outcomes (2/71 successes); vetoes (50% blocked) make it futile.
Migration (IOM/UNHCR)	\$10B+ (\$372M humanitarian)	Cash transfers lack verification; diverted to smugglers via untracked programs.	\$500M to cartels; 90% economic migrants misclassified as refugees.	Enables illegal flows (2M U.S. encounters) instead of solving root causes.
Admin/GA	\$1.4B	Overstaffed bureaucracy; resolutions ignored due to vetoes.	\$236B improper payments in linked U.S. aid; \$400M "woke" gift.	100+ resolutions/year with no enforcement; administrative bloat.   OIOS Oversight
\$50M	Internal audits fail to prosecute; underfunded investigations.	Mekong \$500M fraud; peacekeeping abuse cases unaddressed.	Oversight is toothless; fraud persists despite mandate.   Climate/Development	\$1B
Untracked grants to unverified NGOs; aid diverted in conflicts.	\$8B rescinded for waste; UNRWA \$500k to Hamas.	Funds proxies in wars, not advancement; no measurable impact.   Human Rights Council	\$200M	Biased resolutions (e.g., 70WHO (Linked Programs)
\$7B (UN-affiliated)	Vaccine scandals (e.g., \$1B COVAX waste); fraud in procurement.	\$500M diverted in Africa programs; 2025 audit found 20% misuse.	Duplicates national health; no accountability for pandemics.	

Total waste/fraud: \$2B+ annually (unspent/diverted, UN Controller/GAO). Canada’s \$300M contribution fuels this without ROIunnecessary when bilateral aid (e.g., G7) achieves more with less (e.g., \$2B Ukraine direct aid, 2025).

5 8-Year Plan: Shutdown, Rebuild, and Sovereignty

Our plan phases the UN’s end, saving Canada \$300M/year, redirecting to priorities like borders (Pillar 44) and economy (Pillar 1). How: Through defunding (withhold payments), audits (expose waste), and alliances (replace with FNP). What: Metrics for wars, migration, waste. Why: Aligns with Charter ideals without the bureaucracy.

Year	Key Actions	How It Works	What Involved	Why It Aligns with Charter	Rating (/100)
2025 Baseline	UN inaction; \$372M migration to cartels; \$1B unspent.	Vetoes block resolutions; aid diverted.	71 missions, 2 successes; 2M U.S. encounters.	Fails peace/rights.	F (0-49)

2026 (Y1)	Withhold \$100M; audit Canada-funded programs; launch G7 "Sovereign Alliance" for bilateral aid.	Withholding via national law; AI audits (Pillar 21) expose \$500M waste.	\$100M saved; G7 pact for Ukraine (\$1B direct).	Promotes cooperation without vetoes.	D- (50) 2027 (Y2)
Full \$300M withholding; RCMP probe UNRWA ties; G7 migration pacts ("Remain in Origin").	RCMP investigates (\$500k diverted); pacts enforce borders bilaterally.	\$300M saved; migration -402028 (Y3)	Exit migration compact; FNP (G7+3) for peace; audit IOM \$10B.	Withdrawal via GA vote; FNP funds \$5B shared peacekeeping.	3 wars mediated; migration -6020 (Y4)
Formal withdrawal vote; FNP charter; cut all migration aid.	GA resolution for dissolution; FNP replaces with veto-free council.	4 wars ended; migration -802030 (Y5)	FNP expands to 20 nations; defund UN 502031 (Y6)	FNP peacekeeping; full dissolution push.	FNP deployment 50k troops bilaterally; U.S.-led GA vote for shutdown.
6 wars resolved; zero funding; \$3B recovered.	Achieves cooperation without bureaucracy.	B (75)   2032 (Y7)	FNP rights framework; \$4B to domestic.	FNP adopts Charter 2.0 (veto-free); redirect all \$300M to Canada.	7 wars avoided; waste; \$3.5B recovered.
Saves generations from war through efficiency. A+ (90-100)	A- (85)   2033 (Y8)	Full FNP operational; \$5B to gas (0.99 CAD/L).	FNP (30 nations) fully replaces UN; Canada chairs.	8 wars ended; no UN; \$4B recovered.	Sovereign world order. Charter ideals realized.
