-Luminaries: Kristin discussed parents signing up for Luminaries and passed around a signup sheet. Parents discussed

Director's Report

This weekend is Merrit Island and we still need additional help. Volunteers will get free admission.

If parents are considering Chaperoning the Ireland trip we will be looking at parents that have chaperoned at games/competitions/etc.

-MPA will be the first time that our freshman, sophomores, and juniors will compete in a performance assessment on Saturday, October 30th. Volunteers are needed for this event and is free for chaperones. Middle school night and senior night have been combined this year. Senior night is the night where all senior students are recognized at the football game. After our students perform their halftime show we will ask the middle school students to join on the field. After halftime performance the students will get third quarter break and middle school students will leave.

Field night: After MPA we will have a field night for our students. We serve food and ask kids to bring sides. They play games and celebrate the season together. Ireland trip: We are working on creating fundraising opportunities for the students.

First fundraiser will be snap raise. It is a Gofundme for our students. They create a link that can be shared with family where donations can be made. We would like to have this ready by the holidays for families to use as gift options. We will take %50 and give to the students, %30 to general fund, and %20 to the company as commission.

Meeting adjourned at 7:43pm.
