Kayak Pirates

Story Line:

A lone thief uses a kayak to quietly board and rob people living on houseboats in the California Delta, leaving no traces of who he is. This is a crime mystery novel based on the vulnerabilities I found while living in the Delta area.

From Urban Dictionary online:

Kayak Pirate

A thief who, in lacking finances and/or friends, has decided to resort to pirating, but can only afford a small sized personal-water craft, namely a kayak, or a canoe. A step down from "Jet Ski Pirate"
