“SELL IT AS TOGETHERNESS & COMMUNITY”

PLAY BOTH SIDES BEHIND THE SCENES

YOU ARE EITHER “TOGETHER” OR 86’D

With intimate knowledge of me (Briggs and Meyer Test, Medical Records, and My Ex Finance’s) Allstate (Arity) and Associates listed (RICO) unleashed a series of Psychological, Political, Financial, Social, Medical, and Geo-Targeted events to ensure that my story would never come out and “flip-the-script” on me destroy their associates or pay them if they do not oblige. **TOGETHER.**

They wrangled everyone into their mess (Politician’s, Tech, Social Media, Law Enforcement (DOJ), Friends, Acquaintances, Doctor’s, Institutions, Media, Whitehouse (Past) and Former Co-Workers). Anyone that would have evidence of the contrary for their Illegal activities (Funnel), Unregulated Insurance Business (DDD) and Illegal overreach of Intelligence, sold as community. **Always, playing both sides to counter measure anyone that says otherwise.**

If an executive got in trouble for abusing woman (Arity) they would start a program for domestic violence. It was me, that forced my ex to report this individual (30) other people confirmed their actions. On Christmas’s, I received an ornament to my home from the Culture team. It was thier boss saying, don’t forget who is boss. I respect leaders not bosses.

If EV and the environment was big, Allstate would align that narrative with people from his party. Meanwhile, their CFO and Chief Risk Officer drove a car that got 8-10 miles a gallon because he liked the way it sounded. They are always trying to do the opposite of what they portray.

They are not about community and it’s an embarrassment that they are sponsoring the 2028 USA Paralympics in LA, as someone who is disabled.
