CORPORATE BRANDING

Almost all products can be embroidered with a logo. You supply your corporate digitized logo (.dst file) and we aid in thread color, size and placement. If you do not have an acceptable digitized logo, we have the ability to digitize your logo for a \$40 fee.

DETAILS

- For logos under 5000 stitches that are the same size & thread color, embroidery starts at \$5 per logo (minimum of 2 pieces). Prices increase for logos over 5000 stitches and may vary according to intricacy.
- Please allow 3 weeks for embroidery
- Custom orders require a 6 month lead time
