With the transformative program of the Global Elite now advancing rapidly, only a small number of well-researched analysts are paying the close attention necessary to understand the devastating significance of this phalanx of threats. For most people, fundamental questions in relation to who is driving primary events, how they are connected, why they are happening, and what must be done to defeat these interrelated threats do not even arise.

Consequently, the chances of defending a human life worth living diminish daily.

Remarkably too, this Elite program is being imposed in plain sight with key features highlighted in televised news items (even if associated commentary is invariably designed to distract attention from the existence and nature of the fundamental program).

Thus, world order is being reshaped around us in accord with Elite purposes, ownership and control of all key resources are being consolidated in Elite hands, a substantial proportion of the human population is being killed off and the soon-to-be 'transhumans' left alive are happily building the walls of their own technocratic slave camp, labeled 'smart cities' in a fine example of the 'newspeak' that is routinely employed.

This is readily illustrated by the widely televised genocide being conducted against the Palestinians in Gaza, with ignorance of who is driving this atrocity and why it is being conducted ensuring that mobilization in response to it has been strategically ineffective, as highlighted by the substantial demonstrations which have achieved nothing beyond a limited amount of superficial awareness-raising (that is, that some people are opposed to the genocide), and the recent, readily predictable failure of the 'Global Sumud Flotilla', which can make the same claim, whatever additional courage was required of these activists given the predictable Israeli response.

Thus, in what is clearly the greatest crisis in human history, death or transhuman slavery awaits us all, not just the people of Gaza, unless this ignorance on several counts, and the fear that underpins it, can be reversed.

In essence, you need to understand how the world works in order to understand what is happening (especially when it is obscured by what is obvious being thrown in your face), who is driving it and why they are driving it.

And you need to be personally powerful to recognize and participate in a strategy that will defeat it (rather than waste your time doing things that do not work).

Who Is Driving it?

The entire program – political, economic, social, technological – being imposed on the human population was planned and is being coordinated by members of the Global Elite and their agents in various organizations and corporations.

Who is the Global Elite?

In essence, it is those extremely wealthy individuals, notably including the senior individual members of the Rothschild family as well as other old and extraordinarily wealthy families deeply connected to (and often just fronts for) the Rothschilds – including the Rockefellers, Warburgs, Kuhn Loeb, Goldman Sachs, Schiffs, Morgans and some of the Royal families – who are invariably excluded from the typical 'rich lists' published periodically by well-known publishers who direct our attention to currently prominent individuals such as Elon Musk, Jeff Bezos and Bill Gates who are not shy of publicity like the truly wealthy.

In addition to these individuals, however, the Global Elite includes the major multinational corporations (notably including those in banking, weapons manufacture, asset management – such as Vanguard and Black Rock – energy, technology, pharmaceuticals and media) and Elite fora, including the Bilderberg Group, the Trilateral Commission and the World Economic Forum. For a more complete list, see ['The Global Elite is Insane Revisited'](#).

Primary agents or servants of the Global Elite include political leaders in major industrialized countries, the judges and lawyers (who defend Elite power in legal systems), as well as corporate media editors and journalists, academics and others, industry organizations, so-called 'think tanks' and 'philanthropic trusts' all of which function to justify, ignore or divert attention from Elite violence and exploitation.

Importantly too, primary servants of the Global Elite include those who work within Elite-directed agencies, notably including those in the so-called 'intelligence community' (such as the US CIA, British MI6, Russian SVR RF, Chinese Ministry for State Security and Israeli Mossad), who perform Elite functions in relation to spying, surveillance and secret assassinations (including of grassroots activists), ostensibly under the direction of national governments.

But it also includes many unwitting lower-level servants such as those who work as political lobbyists or in the bureaucracy as well as those who work in the education, police and prison systems or the military forces.

Why?

As always, the Global Elite doesn't bother to conceal its intentions. It doesn't need to: It is well aware that people are terrified and powerless and thus submissively obedient and easily conned by propaganda and/or distracted by 'bread and circuses'.

So their intentions are clear and spelled out in an endless variety of published materials issued through Elite channels such as the corporate media. In essence, to reiterate what is noted above: world order is being reshaped in accord with Elite purposes, ownership and control of all key resources are being consolidated in Elite hands, a substantial proportion of the human population is being killed off and the soon-to-be 'transhumans' left alive are happily building the walls of their own technocratic slave camp, labeled 'smart cities'. But you can read the detail in documents cited below.

Most succinctly, perhaps, it is encapsulated in the brief video issued by the World Economic Forum in 2016 which opens with the lines that, by 2030 'You'll own nothing. And you'll be happy.' That is, of course, if you are one of the people still alive. Watch ['8 Predictions For The World In 2030'](#).

How Does the World Work?

Virtually no-one understands how the world works and I have endeavoured to explain this in various ways at different times.

In summary, however, since the earliest civilizations when small local Elites invariably established control, by one or several means, and consolidated this control using a variety of mechanisms and irrespective of what sometimes appeared to be representative processes, Elite control gradually expanded to ever larger domains through military conquest (using superior technologies), religious proselytization and economic imposition until national, then international and, ultimately, global control had been established. See [Historical Analysis of the Global Elite: Ransacking the World Economy Until 'You'll Own Nothing.'](#)

HISTORICAL ANALYSIS OF THE GLOBAL ELITE

Ransacking the World Economy Until 'You'll Own Nothing'

By Robert J. Burrowes

Global Research

Of course, the Global Elite is too wealthy and powerful to bother participating personally in well-known fora such as the World Economic Forum or even most of those that are less well-known. The people who 'front' organizations of this nature are Elite agents. Wealthy and powerful, at one level, and happy to be publicly identified, but not the masters shaping our destinies, even if they work out many of the details. See ['The Elite Coup to Kill or Enslave Us: Why Can't Governments, Legal Actions and Protests Stop Them?'](#)

Seen through this lens, what is being done to Gaza (and other countries east of the Mediterranean) is simply one of the latest manifestations of Elite effort to reshape the geopolitical map and impose political, economic and technological changes to facilitate achievement of larger Elite priorities. See ['The Geopolitics of Elite Insanity \(Part 2\): Creating Eretz Yisrael to Reshape World Order'](#).

And in this scheme of things, what international organizations such as the **United Nations**:

see [‘A/80/492: “Gaza Genocide: a collective crime” – Report of the Special Rapporteur on the situation of human rights in the Palestinian territories occupied since 1967’](#)

and **International Court of Justice**

see [‘Advisory Opinion: Obligations of Israel in Relation to the Presence and Activities of the United Nations, other International Organizations and Third States in and in Relation to the Occupied Palestinian Territory’](#)

national governments

see [‘These Countries Recognized Palestine, but Still Send Arms to Israel: Canada, France, and the United Kingdom recognized Palestine as a state this week but continue to fund Israel’s genocide in Gaza’](#)

or **‘ordinary’ people**

see [‘Gaza Tribunal: A Historic Statement in the Shadow of Testimony’](#) and [‘Millions of Italians Join General Strike for Gaza’](#)) think of what is happening is either ignored or ‘managed’ (through an Elite-controlled ‘process’ to make it inconsequential).

What Is Happening (In Some Detail)?

Very few people have any idea what is really happening. Far fewer understand what it means to resist strategically.

Why?

From birth, adult humans terrorize their child into submissive obedience. See [‘Why Violence?’](#) and [‘Fearless Psychology and Fearful Psychology: Principles and Practice’](#).

As a result, virtually all humans lack the capacity to analyze events and they do what they are told without question, whatever the context. And ‘resistance’, when it does occur, is confined to powerlessly complaining to an accepted authority: parent, teacher, religious figure and,

later, a government, court or corporation.

See [‘The Elite Coup to Kill or Enslave Us: Why Can’t Governments, Legal Actions and Protests Stop Them?’](#)

This is why conscripts obey orders to enlist in the military, soldiers obey orders to kill, and citizens pay taxes to finance war and genocide conducted in their name. Humans are terrified.

But the current reality is fundamentally threatening and not just for the Palestinians of Gaza.

In essence, what we are experiencing now is the final stages of an ongoing coup against the entire human population, the fundamentals of which were planned long ago, and which is being implemented by the Global Elite and its primary agents. It is being imposed through Elite control of key international organizations (some of which are well known such as the World Economic Forum, the World Health Organization and the United Nations), relevant corporations (including those in the weapons, technology, pharmaceutical and media industries) and national governments.

Thus, on behalf of the Global Elite, in mid-2020 the World Economic Forum launched ‘The Great Reset’ to transform the world politically, economically, socially and technologically into a planetary technocracy. This program was planned and refined over the past century, built on a solid foundation painstakingly crafted over many decades and is so detailed that it entails profound changes to more than 50 broad areas of human life, as illustrated on ‘The Great Reset Transformation Map’. See [‘Now is the time for a “great reset”](#)’.

As you know, you were not consulted about any of this.

One central feature of the changes that are being imposed on us is the conversion of existing cities into ‘smart cities’ and the creation of new ‘smart cities’ as is planned for Gaza.

Thus, along with the geoengineered destruction of locations such as Lahaina (in Hawai’i) – watch [‘Catherine Austin Fitts Explains the Cabal’s Land and Real Estate Stealing Tactics: We talk about the connections between Lahaina and other devastating fires, and their relationship to the WHO/UN agenda’](#) – and Acapulco (in Mexico) so that they could be rebuilt to Elite design for Elite purposes, Gaza is just another of these ‘desirable locations’ chosen to be technocratic enclaves for the Elite and their agents along with an appropriate number of transhuman (formerly Palestinian) slaves.

This is clearly explained in this document published in a premier Elite news outlet –

see [‘From a Demolished Iranian Proxy to a Prosperous Abrahamic Ally’](#) –

and simply explained here: [‘Is Netanyahu Doing the “Dirty Work” for Blackrock. The Gaza Special Economic Zone.’](#)

But the planetary technocracy will have many features, essentially designed to deny those left alive their humanity, individuality, freedom, privacy and volition.

Key features of the technocracy include forced relocation of those humans left alive into 'smart cities', deployment of 5G (and, soon, 6G) which, apart from vastly expanding your exposure to dangerous levels of electromagnetic radiation, will facilitate many other features of the technocracy, notably including the development and deployment of relevant technologies: digital identity, central bank digital currencies, geofencing, ubiquitous surveillance, nanotechnology and biotechnology, robotics, the Internet of Things [IoT], the Internet of Bodies [IoB], the Internet of Senses [IoS], quantum computing, the metaverse, as well as the extensive deployment and use of what is misleadingly labeled 'artificial intelligence' (AI).

Digital Identity, we are told, will enhance our convenience, privacy and security but it will cost us control over own own life. If you doubt this, several recent articles will give you the chance to update your perception of this threat, especially when considered in relation to other features of the advancing technocracy.

See 'UK Digital ID: The BritCard Bait and Switch',

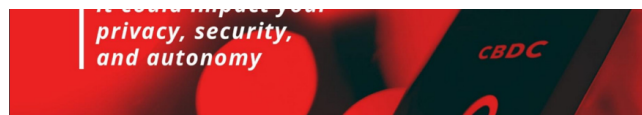

'Digital tyranny at the door' and

'The Rise of Digital ID in the United States: A Legal and Privacy Crisis'.

Central Bank Digital Currencies (CBDCs) or Programmable Digital Currencies (PDCs as Davis in the above article accurately describes them) as a manifestation of 'cashless payments' will forever deny us the chance to buy what we want, from where we want it and in the quantity we want it. It certainly will not help to eliminate the criminal activities of the Global Elite, even if it will make it somewhat more difficult for the petty criminals among us. In one recent report, the risks of exclusion of those without digital access, surveillance, data collection and control were highlighted, among other risks.

See 'Central Bank Digital Currency: What It Is and How It Could Impact Your Privacy, Security, and Autonomy'

with a useful summary here:

'New Report on CBDCs – A cautionary tale: Detailed summary on what a world solely dependent on Central Bank Digital Currency would mean to you'.

Surveillance is already becoming ubiquitous with not just surveillance cameras but three-dimensional facial recognition cameras in public transport, stores and on street corners. Coupled with the ever-expanding series of 'smart tech' devices in every home, privacy is vanishing fast as 'Big Brother' asserts his power to watch your every move. Want to demonstrate your opposition to this?

Go ahead, aware of the latest additional risk: 'The changing face of protest: Mass protests used to offer a degree of safety in numbers. Facial recognition technology changes the equation'.

But, you will be pleased to know, AI is already being deployed to enhance Elite capacity to spy on us! Of course, you are 'not doing anything wrong' but what if the AI program does not agree with you? See 'AI Facial Recognition: Transforming the Future of Surveillance'.

The point, however, as Antony Loewenstein has systematically documented, is that Israel has long field-tested its technological inventions on Palestinians, and then exported them. Apart from a wide range of weapons including drones, these technologies include spyware, facial recognition and biometric databases, smart fences and AI-enabled targeting systems. See *The Palestine Laboratory: How Israel Exports the Technology of Occupation around the World*.

So, to reiterate, much of what has already been inflicted on the Palestinians in Gaza – and more besides – is being, or will be, inflicted on you, even if the weapons used to do the killing will vary as will the surveillance and control technologies used to create the technocratic slave camps for those left living.

It is worth highlighting as well that while many of the corporations producing these technologies are Israeli and sometimes less well known, many of them are household names and generally perceived as benign. But while one corporation might produce a technology some see as useful, you need a fuller understanding of the technology's overall role in the Elite scheme to comprehend the insidiously dangerous potential of many of them.

See 'The Israeli Military Is One of Microsoft's Top AI Customers, Leaked Documents Reveal' and 'Israel's use of AI in Gaza is a terrifying model coming to a country near you'.

What Can You Do?

If you want to help the Palestinians of Gaza and the West Bank, you can do so effectively by participating in the strategy to defend them. See 'Strategic Goals to Halt the Genocide in Gaza and Liberate Palestine'.

If you prefer to focus on defending yourself and others you love, you are welcome to participate in 'We Are Human We Are Free', which identifies 30 strategic goals and includes a [one-page flyer](#) (available in 24 languages) nominating critically important actions to defeat the rapidly advancing planetary technocracy.

WE ARE HUMAN

WE ARE FREE

WORLDWIDE NONVIOLENT RESISTANCE TO ELITE CONTROL... THE GREAT RESET

We Are Human, We Are Free is a worldwide nonviolent resistance movement to free ourselves from elite control and resist the forces of fear and dehumanisation. Our aim is to build a mass civil resistance movement to undermine the power of the criminal Global Elite to control us, and to regain the freedoms that make our lives worth living. Because we are human, we are free to make choices. The time has come to choose - are we on the side of love, life and freedom or fear, self-imprisonment and tyranny?

WHAT CAN YOU DO?

	Refuse 'pandemic' injections, tests and passports. Big Pharma is not honest or safe. Choose natural health.		Keep your small business open in lockdown. Buy from small businesses. Don't use contact-tracing QR codes.
	Don't wear masks or social distance. Staying human is more important than living in fear.		Boycott corporate & government media that misinform & censor. Choose uncensored media & social media.
	Don't buy 5G or smart devices/systems. Resist the fourth industrial revolution. Defend our humanity.		Refuse digital identity. Don't submit biometric data: DNA, finger/palm-prints, iris scans or voice recordings. Don't get microchipped.
	Pay with cash & switch to community owned banks. Grow your own food. Join local trading schemes.		Don't pay 'pandemic' related fines. Risk becoming a prisoner of conscience. Seek support.

And if you are too scared to take action to defend the Palestinians or even yourself and your family, then consider 'Putting Feelings First'.

Conclusion

With apologies to Pastor Martin Niemöller: First they came for the Palestinians of Gaza...

Well now they are coming for you. And there is no one coming to save you.

It is up to you.
