The Names and Blessings of the Sons of Yasharahla

*Understanding the blessing of the Sons of Jacob, properly Yaiqab [meaning “supplanter”]; (**Genesis 49**) and what will befall them in the last days.

“And Jacob called his sons and said, “Gather together, that I may tell you what shall befall you in the last days:

Gather together and hear, you sons of Jacob,
And listen to Israel your father.”

a. **Jacob called his sons:** **Jacob**, in what amounted to his last significant act as a patriarch and as the heir to **Abraham and Isaac**, will here pronounce one-by-one a blessing (Increase and/or curse and/or prophecy) upon each son.

b. **What shall befall you in the last days:** Some of what follows are not so much blessings as they are prophecies regarding what **YAHAWAH** will do with these tribes in the future. Where most of the tribes ended up can be easily determined today, keep in mind Israel has been scattered throughout the 4 corners of the world.

i. This is the first conscious prophecy spoken by man in the Bible. There were many prophecies announced by **YAHAWAH** (such as the promise of the triumph of the seed of the woman in **Genesis 3:15**), and other veiled prophecies by men, but this is the first knowing prophecy of the **Bible**.

c. **You sons of Jacob, and listen to Israel your father:** At the very beginning of the blessing, **Jacob** realized he was both **Jacob** and **Israel**, and his sons are sons of each. This was a place of spiritual maturity, realizing both what **YAHAWAH** made him (**Israel** properly **Ya/shar/ahla** = “**He [is a] prince [of] POWER**”) and what he had to battle against (as **Jacob**); a battle of the spirit and the flesh.

Let's go to Asher...

8. AHSAR = אֲשֵׁר “Happy one”, Happy or blessed (blessings)/Guide” Genesis 30:13 Strong’s Concordance **H#836**. Asher was the 8th son of **Jacob**, 2nd son of **Jacob** and **Zilpah** (**Leah’s** handmaid), sharing the same parentage as **Gad**. **Original Word:** אֲשֵׁר, **Part of Speech:** Proper Name Masculine, **Transliteration:** ASHER, **Phonetic Spelling:** (AW-SHARE’). **Word Origin**=Strong’s Concordance **H#833 ASHAR** (AW-SHAR’): to go straight, go on, to advance, **Short Definition:** Guide. The text of the [Torah](#) argues the name **Asher** means *happy/blessing*, implying a derivation from the [Hebrew](#) term *osher* (properly *Ishar* with the same meaning); the **Torah** actually presents this in two variations—*beoshri* (properly *bashar* meaning “in my fortune; bring good news/tidings”), and *ishsheruni* (properly *asharawani* meaning “happy” and “praiseworthy/fortunate”) which [textual scholars](#) attribute to several different sources. The **Torah** states that Asher had four sons and one daughter, who were born in **Canaan** and migrated with him to **Egypt**. **Asher’s** daughter, [Serah](#) (also transliterated as **Serach**), is the only granddaughter of **Jacob** mentioned in the [Torah](#) (**Genesis 46:17**), though her mother’s name is not mentioned. **Asher’s** sons were: Jimnah, Ishuah, Isui, and Beriah. According to the **book of Joshua**, the most fertile, western and coastal, region of Galilee was designated to the **tribe**. Here the **tribe of Asher** thrived and gained prosperity, garnering renown in their production of olive oil. In the **New Testament** Anna the prophetess and her father Phanuel are introduced (**Luke 2:36-39**) – both identifying as descendants of the **tribe of Asher**.

The **tribe of Asher** was included in the migration of the **10 tribes of Yasharahla** to *the Americas* (**Arsareth**) during the Persian captivity as stated in **2 Esdras 13:40-46**. In the middle ages the tribe was recognized as **THE INCA EMPIRE**. Today the **tribe of Asher** is **THE SOUTH AMERICANS** who are the original inhabitants of **BRAZIL, COLOMBIA, ECUADOR, GUYANA, PARAGUAY, PERU, URUGUAY** and **VENEZUELA** having emigrated all across the world.

Asher's Blessing: "He shall yield royal dainties." Genesis 49:20

**"Out of Asher his bread shall be fat,
And he shall yield royal dainties."**

a. **Out of Asher his bread shall be fat:** The lands inhabited by the **tribe of Asher**, primarily **Brazil, Colombia, Peru and Venezuela** are the world's largest producers of livestock [i.e. cattle, sheep, goat] and agriculture [i.e. coffee, castor beans, cocoa, sugar, rice, corn and fruits].

b. **And he shall yield royal dainties:** In reference to the refined and unique taste of the royal dainties (pastries and cakes) and regal couture exhibited during their many *pagan feasts and festivals*.

c. In **Deuteronomy 33:24**, **Moses** again took up this prophecy regarding **Asher**: **"And of Asher he said, Let Asher be blessed with children; let him be acceptable to his brethren, and let him dip his foot in oil."** Although the **Incas (Asher)** were viciously conquered, brutally murdered and robbed of their land and natural resources by the **Conquistadors; Francisco Pizarro** and **Pedro de Alvarado** being the main two; most notably **Pizarro**, who along with his army, invaded the **Inca** territory, kidnapping the leader **Atahualpa**, holding him for ransom. Upon receiving this payment, he then forced **Atahualpa** to convert to *Catholicism*, then garroting and burning (*sacrificing*) him in the midst of his tribesman... **Lamentations 5:12** **"...the faces of elders were not honored"**) **The Most High-Power increased Asher with children** so his seed would not diminish by his plight suffered by the hands of **Edom**. The proof of this prophecy is visible in **Brazil** today, where they have the largest child population in the world. Due to a lack of foster-care, orphanages and overall welfare, the children are left destitute in the streets.

Lamentations 5:3 **"We are orphans and fatherless..."** These forgotten children resort to prostitution and taking advantage of unsuspecting tourists to survive. It has become such a problem that the **Brazilian government** hires mercenaries from **Argentina** and **Germany**, to round up these children and murder them without any regard. **Lamentations 5:2** **"Our inheritance is turned to strangers, our houses to aliens."** The **Spaniards, Dutch, French and Portuguese**, were heavily involved in the enslavement of the **Incas** and the four battled amongst themselves for the **Inca** commodities. **"Let him be acceptable to his brethren..."** The **children of Asher** have been reduced to a primitive state while residing in the jungles of **the Amazon**. Within the jungle they have developed a culture contrary to the laws, statutes and commandments—cannibalism, eating abominable foods: arachnids (spiders, etc.), reptiles (snakes and alligators) and putting bones in their noses, lips and ears. These things have made the **tribe of Asher** unacceptable to the other tribes of **Yasharahla**, but through the mercy of **YAHAWAH BAHASHAM YAHAWASHI** all un-esteemed tribes will be redeemed and made whole again.

"...Let him dip his foot in oil." When you examine all lands once inhabited by the **Incas (Colombia to Uruguay)** you will find a great resource of oil; **Colombia** is said to be the largest output of crude oil in **the Americas**. **Venezuela** on the other hand has the world's largest oil reserves to date; 17.5% globally – speaking to an estimated 303.8 billion barrels.

It was the exploiting of these resources that helped President [Hugo Chavez](#) to initiate reforms leading to dramatic dips in poverty, establishing better living standards for so-called black and brown people (**Israelites**), to which he was explicit in claiming his own heritage. “All of our oil was going up to the north, and the gas was being used by the U.S. and not by us. Now we are diversifying. Our oil is helping the poor.” **Chavez**

d. **Deuteronomy 33:25** goes on to state: “**Thy shoes shall be iron and brass; and as thy days, so shall thy strength be.**” Meaning the lands of **Asher** would also possess vast mineral resources [iron, brass, chromium, nickel, tin and copper – **NOTE: The Hebrew word for iron is Ba-ra-zal (Brazil)**] and just like these resources the tribe would remain resilient.

Archeological proof that the Inca Indians are of the tribe of Asher:

In 1872, *Ladislav Neto*, the director of **Brazil’s National Museum of Rio de Janeiro**, received a copy of a letter from a colleague, whose initial author was never found. It described a stone tablet unearthed by workers on a plantation in *Pariba* now called *Joao Pessoa* located at **Brazil’s** easternmost tip **Neto**. Putting aside his initial doubts about the inscription, he later published the text in 1874.

Feats and Wisdom of the Ancients published by *Time Life Books Pg 118*. “**We are sons of Canaan** (name of land before the **Yasharahla** obtained it; at times is used referring to the children of **Yasharahla**) **from Sidon** (ancient seaport city; part of the land given to **Asher**. See **Joshua 19:24-28**.) *Begins the manuscript; It is written in a Phoenician (Punic: often used in reference to the **Israelites**) language (**Hebrew**) used some 500 years ago before the birth of Christ (Ha Mashayach).*”

The following was originally transcribed from a tablet found in **Brazil**. Written in **Hebrew**, it gives a detailed account of the voyage to **the Americas**, and of the location of the tribe when they were in their homeland of **Israel**. **Cyrus Gordan**, an *American scholar* of Semitic languages, studied the text and declared it authentic (proving the inscribed text was **Shemitic** and **not Hamitic**, attributed to **Canaan**). Similarities between the inscription and **Ancient Hebrew** have since been documented.

Literary Support that the Inca Indians are the tribe of Asher:

*“Acosta writes, that the clothes of the South American Indians are shaped like those of the ancient Jews...and the Rev. Mr. Thorowgood anno 1650, observes that this is a proof of some weight in showing their original descent... Late, in his description of America, and Escarbotus, assure us, they often heard the South American Indians to repeat the sacred word Halleluyah, which made them wonder how they first attained it...And Malvenda says, that the natives of St. Michael had tombstones, which the Spaniards dugged up, with several ancient Hebrew characters upon them, as, “Why is God gone away? And, “He is dead, God knows.” Had his curiosity induced him to transcribe the epitaph, it would have given more satisfaction; for, as they yet repeat the divine essential name **Yo He (TA) Wah, (YAHAWAH)** so as not to profane it, when they mourn for their dead, it is probable they could or engrave it, after the like manner when they first arrived on the continent...”* *History of the American Indians by James Adair, Pgs. 211 to 214*
