## **Looking for a New Project?**

Project Name: *Sea Glass*  
Yarn: *Wool + Pine*  
Pattern: *Malabrigo Sock*  
Sizing: *70-220 lbs*  
Maker: *Cindy*

886 DIANA

Featured above are the [Sea Glass Mini](#) made by Cindy using two skeins of our Malabrigo Sock yarn, and [Send in the Clowns](#), a free sock pattern on Ravelry in the Sugar Saki.

Sugar Saki is a new blend of Superwash Merino Wool, Bamboo, and Nylon! It's a great option for summer socks. Cindy's review: "Sugar Saki was wonderful to knit with. It has a smooth tight twist and fun color changes."

# NORO Madara

*A soft tweedy blend of wool, silk, and alpaca*

*Noro Madara is a beautiful non-superwash 2-ply yarn that still looks like a single ply. A luxurious blend of wool, silk, and alpaca, Madara is a heathered yarn with bright flecks of color throughout.*

Zena made up the [Barley Hat by Tin Can Knits](#) in Noro Madara and loved working with it. She said it's fun to stitch with and has just the right amount of drape. "It has a slightly rustic feel, with an uneven thread and a little bit of vegetable matter, but is still soft to the touch and easy on the hands. Plus, it will soften up even more after a short soak with some Eucalan wool wash."

# NEW: Arcane Fibers

*Artisan Yarn Inspired by Nature*

This 100% Extra Fine Merino Super Wash Worsted by Arcane is spun from extra-long staple fibers to produce a yarn that is fine and strong with a silky feel.

A very versatile yarn, it can be used for shawls, wraps, mittens, jumpers, the [Santorini Kerchief by Susan Mills](#) (free on Ravelry), and just about any Worsted project you can think of!

Washable in cold water on a gentle cycle, it is also suitable for children's and baby clothes. Very soft and springy. Takes up the dye well to produce deep, vibrant colors...

+++ Lots More...

## **Note from the Owner**

Just like everyone else, when Carolyn announced she was closing the Twisted Ewe, I panicked. "Where am I supposed to get my yarn?" Having a local yarn shop was a comfort I didn't realize I needed until it was gone. Since I'd been looking for a business opportunity, a business I could build and rely on to retire from my career job as an environmental consultant, opening a yarn shop to fill the gap in Boise seemed like just the opportunity.

Carolyn and I met several times, and she provided a roadmap for I Yarn for Ewe to come to life. I also met up with Stephanie, Zena, and Natalia, folks that might sound familiar to you, to gauge their interest in transferring their talents over to a new shop. Lucky for me, they said yes. (Whew!) Stephanie has been working since April discovering, ordering, and stocking the store with beautiful yarn. She is magical, and I could not do this without her.

I love yarn, knitting, and crocheting, and I love to hang out with those who also love yarn, knitting, and crocheting. I am no expert in any of it. I'm here to provide the goods, a place to gather, and a place of inspiration. I look forward to learning from all of you.

Let's knit and crochet with beautiful yarn forever!
