7:30 - 8:00 AM

8:00 - 10:00 AM

10:00 - 10:30 AM

10:30 - 12:30 PM

**REGISTRATION:**  
STARTING AT 7:00 AM

**NETWORK & BREAKFAST:**  
7:30 AM TO 8:00 AM

### SESSION 1:

**1 Electrical Inspection Changes in the 2025 Code**  
Presented by: Matthew Cotter | LADBS

- Major 2025 electrical code changes with a focus on practical field application, common installation deficiencies, and updated compliance standards for inspectors.

**2 ADU Legislative and Inspection Updates**  
Presented by: Michael Pelham | LADBS

- Recent ADU legislation and its impact on permitting, plan review, and inspections — including compliance challenges and strategies for meeting state and local regulations.

**3 CBC Chapter 10 — Means of Egress**  
Presented by: Hernan Arreola | LADBS

- Occupant load calculations, exit access, exit discharge, egress width, and travel distances — with attention to common plan review and inspection deficiencies.

**BREAK:**  
10:00 AM TO 10:30 AM

### SESSION 2:

**4 2025 UPC and UMC Code Update Overview Updates**  
Presented by: IAPMO

- Significant updates to the 2025 Uniform Plumbing Code and Uniform Mechanical Code, and how these changes affect inspection procedures and field enforcement.

**5 From Code Development to Post-Disaster Recovery**  
Presented by: Karyn Beebe & Maria Mohammed | ICC / SEAOSC

- The ICC code development process and post-disaster training resources, with emphasis on building department roles in damage assessment and community resilience.

**6 Mass Timber for Plan Review**  
Presented by: Paul Armstrong, American Wood Council

- Mass timber construction types, fire resistance, detailing, special inspections, and collaboration with design professionals, framed around plan review practice.
