Transtech
ARIANA VITO
City of Santa Monica

4.1 Committee Members Monitor Organizations (Ongoing)

4.2 Open/General Discussion

Discussion:

- Uniform Soils Report Guidelines for Liquefaction (tabled until Brad Fliemann is able to join in the meeting).
- FEMA P-1100-2A (Victor Cuevas and Colin Blaney). Intent is to give a national – and eventually – statewide document to use with a wider scope than current standard plans).
- Special Inspection for Type IV Concealed connections
- Effort being spearheaded by BCAC for temporary or emergency structures. To be discussed at later meeting. Cairo brought up the following points based on the UFC document: How is temporary structure defined? Lower limits of forces for wind and seismic is allowed, but what needs to be considered? Reevaluation of blanket approvals need to occur periodically. Are standard calculations acceptable and do these structures need to be periodically certified?
- Discussion of Tsunami Geodata
- **Greg requested that all committee members provide feedback for the coming year. This is our committee, so I would like the members to contribute, not only through participation, but also in helping to guide the direction of our meetings and tasks/goals.**

Action Item(s):

- Special Wind Regions in LA County (Kristin to follow up with email to wind expert, when able).
- Discussion of liquefaction requirements to be address at a later meeting.
- **Committee members to provide input on P-1100-2A document to Greg.**
- **Greg to look up the past Group B proposals for the 2021 IBC to see if this is addressed. Aleeta is following up with this item for the next meeting.**
- UFC document to be discussed at upcoming meeting. **Review the document to be ready for discussion.**
- Colin Blaney responded regarding tsunami geodata. At this time localized effects (reflection off channel islands) is not explicitly considered. However, it is not anticipated to be significant. No further action at this time.
- **Bring some suggestions of items you would like to see addressed by the committee in the coming year. These can be discussion points, trainings, bulletins, or just general directions/goals etc. - I NEED THESE BY 2/5/21!!**

4.3 2021 Participation

- We would like to expand participation in the committee, not just from AHJs, but also throughout the industry (designers, contractors, etc.). Please spread the word to anyone who you think might be valuable to the group.

**2021
BOARD OF DIRECTORS:**

PRESIDENT
