

**2021 PUBLIC COMMENT HEARING SCHEDULE**  
**September 21 - 26, 2021**  
**David L. Lawrence Convention Center**  
**Pittsburgh, PA**

The upcoming 2021 ICC Annual Conference & Group A Public Comment Hearings will include Membership Council Meetings and Education Programs on Sunday, September 19<sup>th</sup> and the Annual Business Meeting on Monday, September 20<sup>th</sup>. [Click here](#) for the conference website.

The Public Comment Hearings will start on Tuesday, September 21<sup>st</sup> at 8:00 am. The schedule anticipates that the hearings will be completed no later than 7:00 pm on Sunday, September 26<sup>th</sup>. This may require adjustments to the daily start/end times based on hearing progress. The hearings will start with the Plumbing/Mechanical/Fuel Gas (PMG) codes, followed by the Fire Code and then the building related codes, starting with the Property Maintenance Code and then the Building Code.

Unless noted by “Start no earlier than 8:00 am”, the hearing on each code will begin immediately upon completion of the hearing for the prior code. This includes moving the code up or back from the day indicated based on hearing progress. Actual start times for each code cannot be stipulated due to uncertainties in hearing progress. Be sure to review the tentative hearing order in the Public Comment Agenda (to be posted by August 13<sup>st</sup>) for code changes that are heard with a code other than that indicated by the code change prefix (see note 4).

**Hearing Schedule Notes:**

1. Daily start and end hearing times are subject to change based on progress.
2. Mid-morning, lunch and mid-afternoon breaks to be announced. The hearings are scheduled to recess for dinner and resume the following day.
3. Due to the uncertainties in the hearing process, the start time indicated as "Start no earlier than 8:00 am" is conservatively estimated and is not intended to be a scheduled target.
4. Consult the hearing order for code changes to be heard with a code other than the code under which the code change is designated. See also the note below concerning code changes submitted to IBC – Structural and the ICC Performance Code.
