Market Pulse & Investor Perspective

Key News That Moved the Markets in September

1. Foreign Investors Pull Out Billions from Indian Equities

In September 2025, FPIs withdrew about \$2.7 billion from Indian stocks, marking the third consecutive month of outflows.

2. India's Manufacturing Growth Cools

The HSBC India Manufacturing PMI eased to 57.7 in September from 59.3 in August, partly due to rising input costs and export pressures.

3. Global Factory Weakness Amid U.S.–China Trade Headwinds

Factory activity in major economies declined in September, weighed by slowing demand from China and the U.S., exacerbated by ongoing tariff tensions.

What It Means for Long-Term Investors

➤ Stay invested during outflows

Foreign investor (FPI) outflows may create short-term volatility. But for SIP investors, such volatility is an opportunity – you buy more units when markets dip.

➤ Diversification is your buffer

Don't put all eggs in one sector. Spread investments across large, mid, small caps, and debt – that helps absorb shocks from any single sector.

"Stay invested through volatility—time in the market beats timing the market."

Investor Education

The Power of SIP Top-Ups

Every Diwali, we make efforts to upgrade our celebrations—bigger gifts, brighter lights, grander sweets. Why not upgrade our investments too?

By simply increasing your SIP by 10% each year with 13% assumed return, you can almost double your future wealth compared to keeping it fixed. The table below shows the difference:

Type of SIP	Total Investment	Expected Future Value
Normal SIP	₹ 24,00,000	₹ 1,03,84,852
Step-Up SIP	₹ 68,73,000	₹ 2,05,07,893

Treat festive increments as a chance to top up your SIPs.

Case Study/Investor Story

A Twin Festival, A Double Joy

For Meera and Arjun, October 2025 was unlike any other. Their home glowed with Diwali diyas, but their hearts glowed even brighter—because next month, their daughter's wedding would light up their lives.

Fifteen years ago, when their daughter was still in school, they had quietly begun two SIPs—one for her wedding and another for their retirement—with the help of their trusted Mutual Fund Distributor, who soon became like a family friend. Through every festival, every market swing, and every challenge in life, their SIPs never stopped—thanks to the MFD's consistent guidance and reassurance.

And now, as the family celebrates Diwali together, Meera and Arjun light up not just their home but also their daughter's new journey—without taking a single loan or feeling the weight of financial stress. What's more, their retirement savings stand strong, assuring them that the joy of today will never compromise the security of tomorrow.

As diyas light our home, SIPs can light our dreams.

 **Always tag SIPs to specific goals—festivities feel lighter when finances are brighter.**

Financial Wisdom for Smart Investing

Financial Wisdom – Diwali Lessons for Wealth Creation

- **Light up small diyas daily** : SIP discipline builds big light over time.
- **Firecrackers burst fast** : avoid impulsive, speculative investments.
- **Rangoli needs planning** : so does your portfolio allocation.
- **Cleaning home** : cleaning portfolio review your investments regularly.
- **Sharing sweets spreads joy** : diversify investments to spread risk and rewards.

Like Diwali, wealth is built on preparation, discipline, and celebration.

Money Mantra – This Diwali, Gift Wealth that Lasts

This Diwali, as lights brighten your home and sweets fill your table, think about lighting up your financial future too.

Instead of spending the entire festive bonus or gifts, set aside a part for your **SIP**.

And when it comes to your children, remember—gadgets and toys fade, but a **SIP in their name today** can grow into a priceless gift for tomorrow. Because financial gifts don't just bring joy once... they keep growing.
