Exterior Hygiene Sanitation and Aesthetics

Hi Homeowner,

Please complete the following letter by handwriting your address and the date of the scheduled clean, and either give it to your neighbors on both sides and also at the rear if you live on a smaller block with a rear home in close proximity to yours. Please give it to them either in person or put it in their letter box or even better is on their front door (please be mindful of COVID restrictions while doing this).

If you have problematic or troublesome neighbours please let me know, so I can take actions to mitigate the potential for any problems arising as a result of the cleaning.

Thank you

David James

See you at your Place!

Exterior Hygiene Sanitation and Aesthetics

Please note: if you have made no effort to notify your neighbours of the cleaning taking place, Norwest EnviroClean accepts no responsibility for any damage that could have been avoided if such notification were provided. Neighbours are not always home on the day of the cleaning or when I arrive, and things like washing etc. may have been left on the line.
