INSURANCE** 

# Accident Insurance

Good things in life happen every day, and unfortunately, accidents happen too. Our Accident Insurance can help you when you and your family need it most.

# No one plans on getting injured... but just in case, we've got you covered

You do everything you can to stay active and healthy, but accidents happen every day, including sports-related accidents. An injury that hurts an arm or a leg can hurt your finances too. That's where Accident Insurance can help.

Accident Insurance pays cash benefits directly to you or anyone you choose regardless of any other coverage you have. Accident Insurance also pays extra benefits for injuries resulting from participating in organized sports. You can use Accident Insurance cash benefits to help take care of your bills, so you can focus on your recovery.

**First Accident  
Benefit pays an  
additional \$100.**

## Accident Insurance benefits include:

### First Accident

Pays you \$100 soon after you report your first claim for covered benefits.

### Sports Package

Your benefits increase 25%, up to \$1,000 per person per year, for injuries resulting from participating in organized sports. Playing sports can lead to injuries and unwelcome expenses. We'll increase your benefits to help pay those expenses.

### Rehabilitation Package

We pay cash benefits for admission, daily confinement and recovery. Whether you are released to a rehabilitation center following a hospital stay or you recover at home, we pay a daily recovery benefit to help with your transition.

## Here's how Accident Insurance benefits work:

Accident Insurance helps pay for the unexpected costs of an accidental injury by providing benefits for initial care, injuries, treatment, facility care, and follow-up care.

If your child gets injured at soccer practice and breaks his leg, here's how benefits may stack up:
