

*Welcome to Santorini!*

ARISTOS LIFE

LUXURY TRAVEL & ACCOMMODATION

Aristos Life

You have found the best!

## Welcome to OIA

Santorini is the most popular of the Greek islands, a head-turner whose name is instantly recognizable around the world: multicolored cliffs soar out of a sea-drowned volcanic crater, topped by whitewashed buildings.

Oia has arguably the most beautiful view of sunrises and sunsets in the world, and Oia's caldera representing the most signed Greek post cards and billboards.

You will never forget the feeling of Oia...

## Welcome to OIA

As much as you plan to visit around Santorini, most of time we suggest to just relax in the caves and wander around Oia's beautiful pedestrian streets just moments away from Aristos' caves.

Planning is ultimately up to your travel style and the type of adventurer you are!

Just don't forget you're in Oia already... this is where everyone wants to be when visiting Santorini! ;)

# What to bring?

Never forget your sunglasses, a hat, and sunscreen.

## Ladies:

1. Shoes: flat shoes highly suggested.

Most of the paths are pedestrian, and the small Oia town is accessible within minutes. Be prepared to walk and climb up and down stairs. *The marble and bricks can be very slippery, careful!*

2. Dress: Do bring all your favorite outfits as it is so photogenic here!

## Guys:

1. Dress to impress! Smart Island casual is recommended.

2. Greek linen for when it's hot.

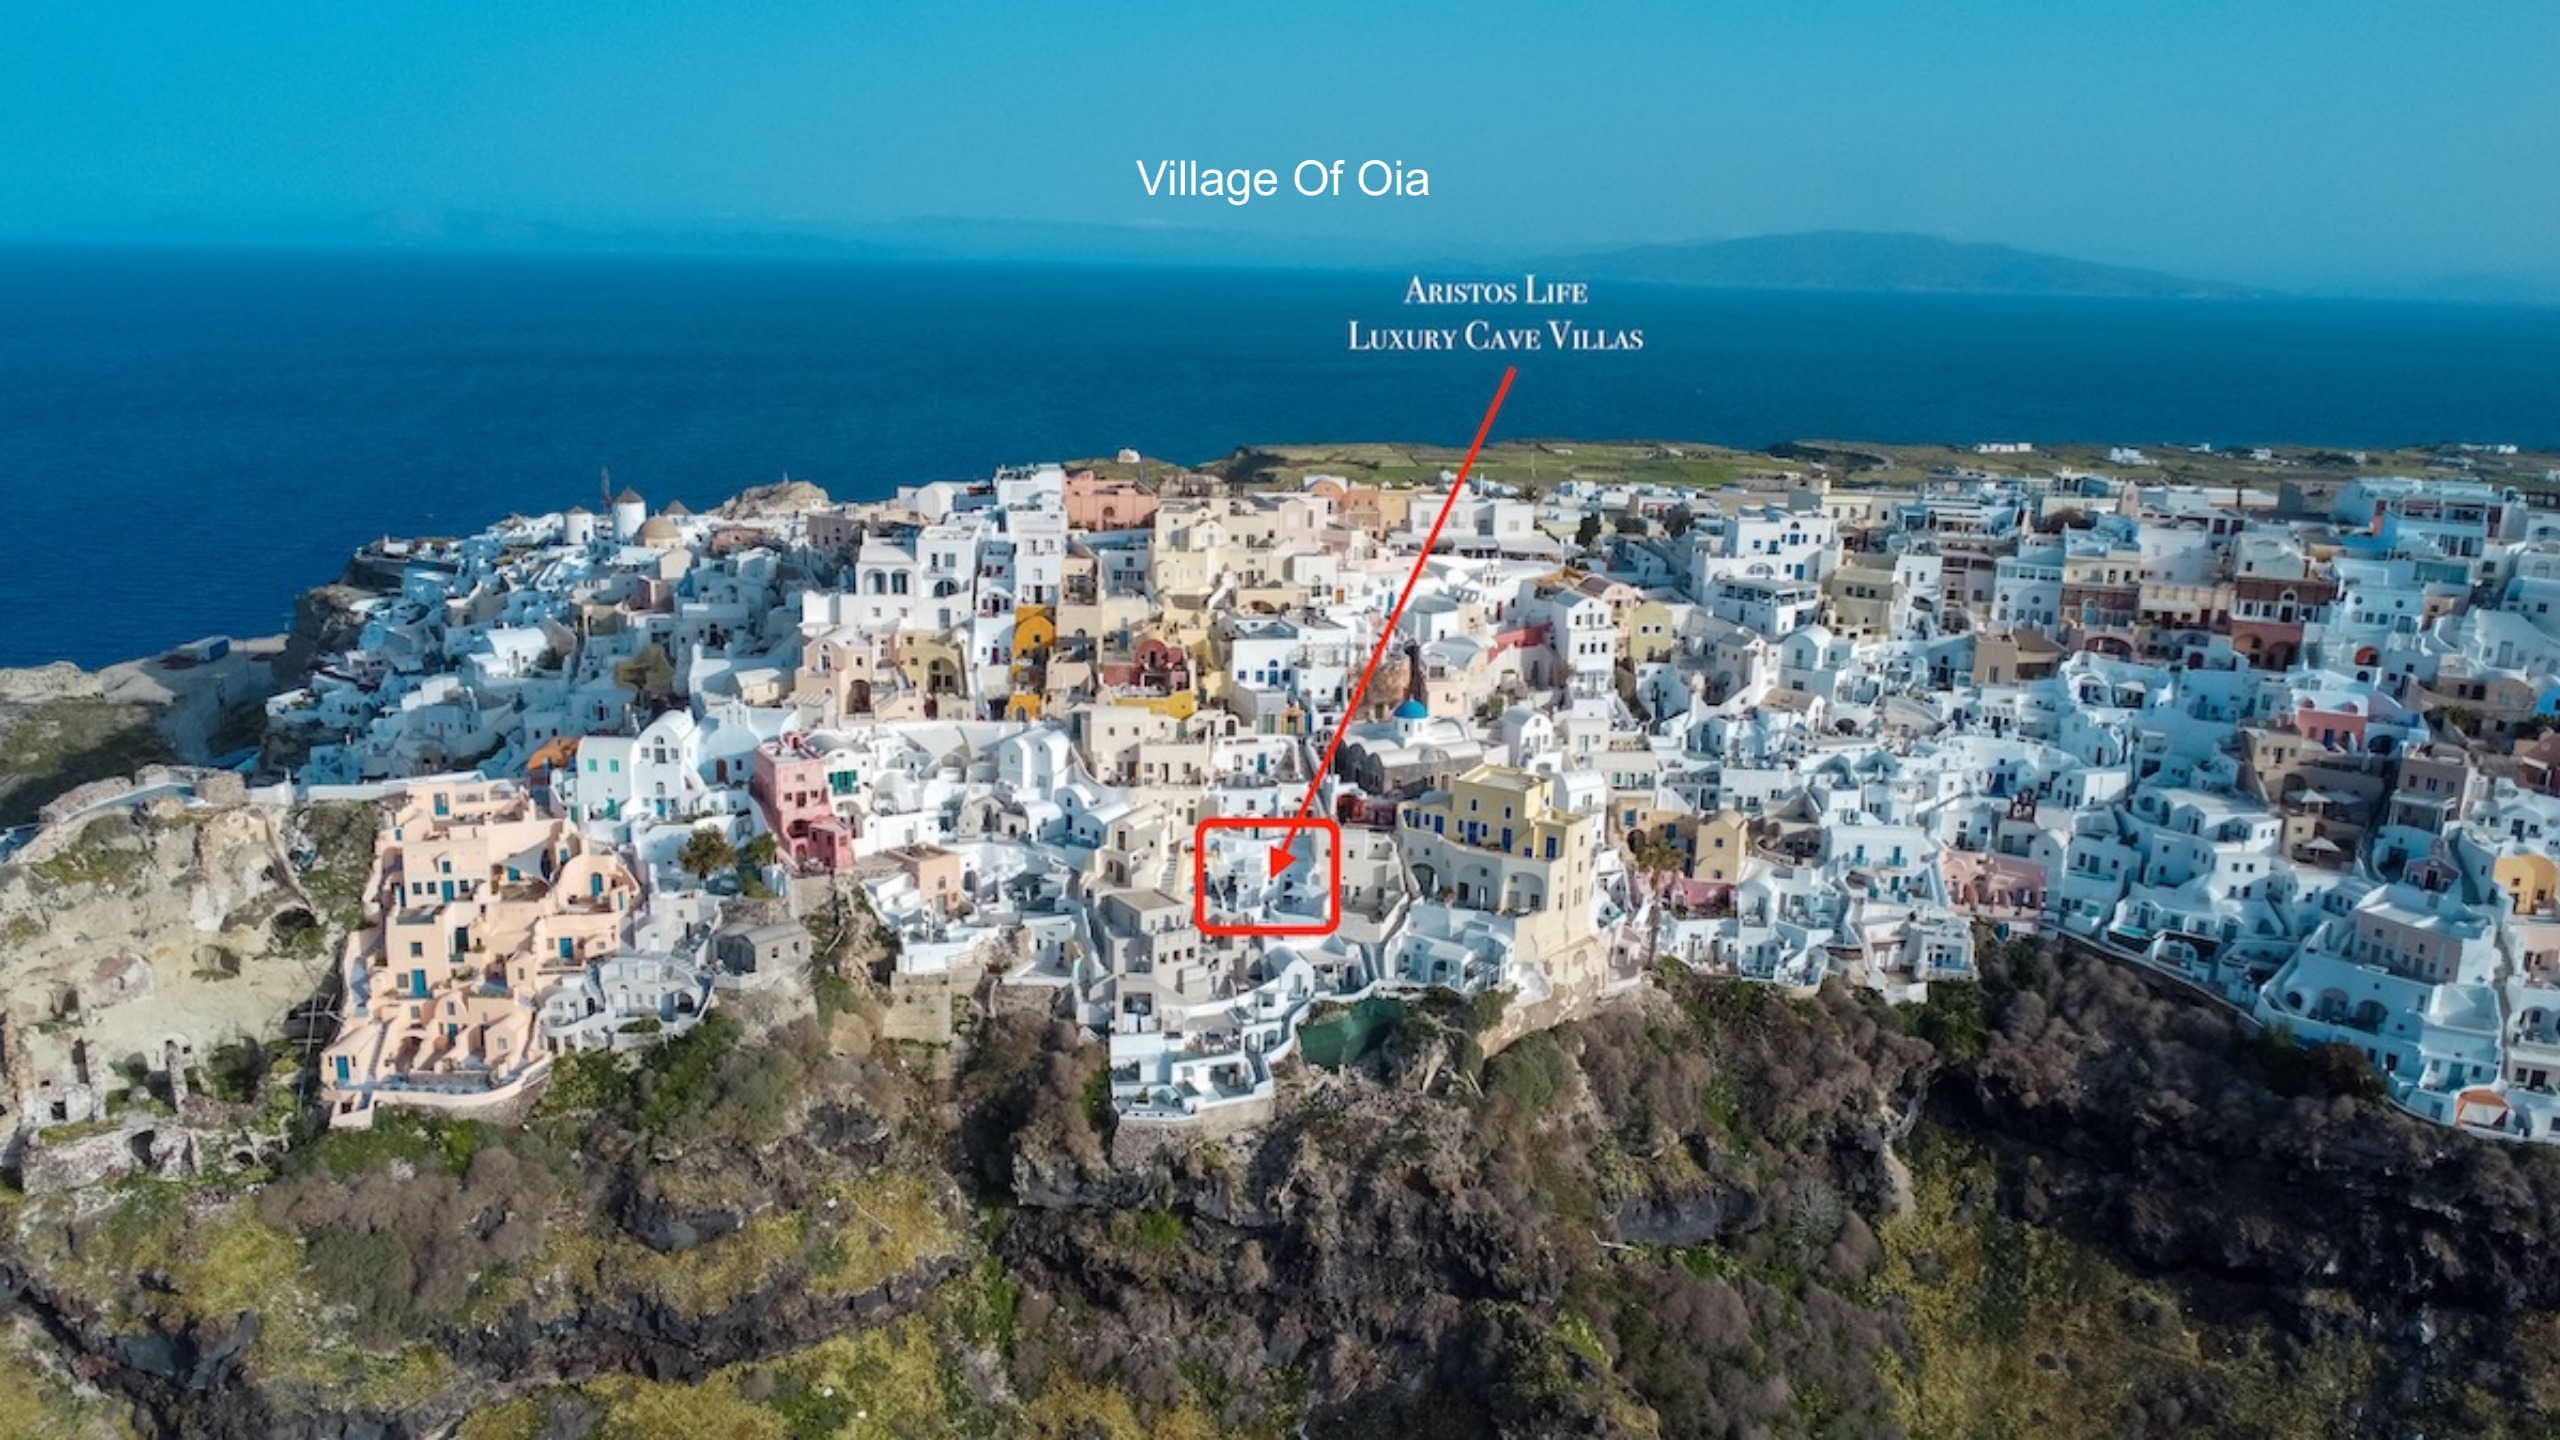

Note: The weather changes by the season and your location on the island, so check the weather in advance.

**Cash:** Always bring a few hundred euros with you, in case you want to buy some little things and tips. Most shops accept credit card, but sometimes not.

# How to get around once you are here?

## **Bus:**

Inexpensive way to get around the island. but it can be very packed during peak times. Be prepared!

## **Rental scooters and cars:**

You can rent a scooter in most of the towns. but be very careful driving around the island!

## **Car rental:**

**Best at the airport, major rental companies are suggested.**

Parking is first-come first-served in most places and is in most lots free of charge. The only negative to renting a car is if you have trouble finding a parking spot (peak-season it can be VERY difficult to find a spot!).

**We HIGHLY suggest to book in advance for transfers to get around the island – this is a sure way for a relaxed stay! Who wants to fight for parking on their holiday?**

**This way you are more relaxed and don't have to worry about parking, traffic, or getting lost on your holiday time!**

# Planning Booking Scheduling

Definitely pre-book your activities.

In high season, the best things to do book up very quick.

In high season June through August, restaurants and activities should be booked a week or more in advance!

Make the most of your time, do some research before you come. Ask us for suggestions (and see the ones here).

Most people want to be in Oia, enjoy the sunset, try some wonderful restaurants with a view (need to book early for the best seats), and do some activities like a beach day (plan a day, or half-day), visit a winery (take a half day), and perhaps do a yacht tour.

Plan your time wisely.
