Bars and nightclubs

One POS system, a plateful of possibilities.

You'll find it in Genius.

Speed up checkout with secure built-in payments

Give customers the convenience they crave with PCI-enabled payment processing. They get a faster, more secure checkout, and it helps you avoid errors from juggling multiple systems.

Empower staff to deliver 5-star hospitality

Equip waitstaff with tech that lets them focus on customer satisfaction instead of tedious order entry. Maintain a happy team with tools that keep job satisfaction high and guests happy — ultimately bringing in better tips. Plus, time, attendance and scheduling features make staff management a breeze.

Streamline seating with waitlist management

Stop sweating the waitlist: Easily manage seating and keep guests calm and informed with accurate wait time estimates. Send real-time updates and get guests checked in and seated swiftly once they're up.

Make more profitable decisions

Run sales reports and use the real-time insights to fine-tune your staffing, marketing, menus, promotions and more.

Turn casual customers into loyal regulars

Keep guests coming back for good with help from Loyalty, powered by Como. A built-in customer engagement and loyalty platform, it helps boost retention through tailored incentives based on customers behavior.

Meet guests wherever they want to dine

Give customers a seamless online ordering experience, and make fulfillment a cinch for staff. Take advantage of Genius' built-in online ordering platform, and easily connect with third-party delivery partners. Orders sync in real time, keeping wait estimates accurate and the kitchen performing smoothly.

Assign table

Waitlist	
Active	Inactive
Gabrielle Smith 33 min quoted at 10:38 20:38 [Assign Table]	
Jason Brown Large group of 12 18:45 [Assign Table]	
Phillip Vacarro Requested booth 17:09 [Assign Table]	
Diego Perez Close to window, no wine glass 15:21 [Assign Table]	
Linda Jones 2 children 05:45 [Assign Table]	

33%
of restaurants say a waitlist management system would help improve the customer experience²

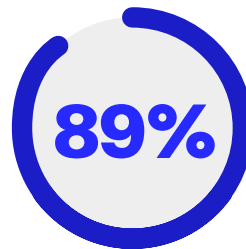

Put your entire restaurant in the palm of your hands

Add on a mobile POS to get the full functionality of your countertop POS in a sleek, handheld device. Approve adjustments, manage tables and menus, keep tabs on orders and more — all from a command center that fits in your hand, pocket or apron.

Plus, mobile tableside ordering and checkout means tables get turned quicker, tips are higher and guests are happier.

**Payment
processed**

of restaurants say table turnover is faster with a mobile POS system than with a traditional stationary or countertop POS system³

Hardware built to handle your busiest nights

Designed for durability

Genius hardware is sleek but sturdy, built to withstand the wear and tear of the restaurant industry.

Spill-proof, shatter-proof screen

Engineered to last, the commercial-grade countertop and mobile devices can hold their own against spills, splashes and drops.

Effortless to operate

Simple to set up and use, our flexible hardware is built for all technology comfort levels.

Customize a tailored POS

for your restaurant's needs

Your business doesn't fit in a box. That's why we give you the power to choose from over 130+ integrations to create the restaurant management system of your dreams. Or, build your own through our developer-friendly open API.
