BUNNY DEBARGE

ARTIST BIO | MUSICIAN & AUTHOR | GRAMMY NOMINATED

Etterlene "Bunny" DeBarge is best known as the lone female sibling of Motown's legendary R&B family music sensation, DeBarge. The eldest of the ten DeBarge children, Bunny's unique high and soulful soprano vocal style and love of writing began at a tender young age. She was the lead vocalist behind the classic R&B ballad, "A Dream", from the group's 1983 breakout, certified GOLD album, "In A Special Way". Produced by her brother El DeBarge, the album also included hits like, "Time Will Reveal" and "Love Me In A Special Way". Her famed song, "A Dream" was covered/sampled by various exemplary artists like Tupac Shakur, Blackstreet and Mary J. Blige, just to name a few. To date music artists of all statues continue to use her song in samples and in social media tributes.
