

CRITICAL INCIDENT RESPONSE SHIELD

LEVEL III+ STEEL PLATE

The Critical Incident Response Shield or CIRSTM is a multi-hit level III+ rifle shield designed to be mounted on a wall, making it easily accessible during an active shooter situation. The shield's Rifle Special Threats validation ensures that it provides comprehensive protection against a wide range of ballistic threats, offering enhanced peace of mind. With a thickness of only 0.2" or 5mm, our shield maintains a slim profile, ensuring ease of use and maneuverability without compromising protection. The CIRSTM comes standard with C-Handles. The exterior is finished in a polyurethane enamel for a professional look. Available in Red, Blue and Black options to suit individual preferences.
