We are proud to offer the Guardian Angel™ Law Enforcement Series of portable LED lights. Every Guardian Angel light has a front work light function that gives you hands-free illumination and is visible up to 2 miles. The unit comes standard with an AC adapter, USB charger, magnet mount and ID card in your choice of colors - blue/blue or red/blue - for \$99.

**Increased Visibility** - Industry-certified up to 2 miles utilizing LED lights rated up to total 450 lumens, 360° light coverage, isolated front and/or rear illumination, high projection hands-free work light, multiple color options, convenient on/off buttons.

**Portable & Versatile** - Lightweight (approx. 6oz.) and small, the built-in Neodymium rare earth magnet securely attaches to any metal surface. It comes standard with the patented magnet mounting system.

**Long Battery Life** - Includes a sealed rechargeable lithium ion battery providing up to 93 hours of continuous use.

**Built Tough** - IP67 Rated, durable, water and dust resistant, and able to withstand extreme work/weather conditions.

**Numerous Mounting Options** - Mounts anywhere! Applications for individuals, vehicles, bikes, epaulettes, canines, turnout gear, medical bags, dashboards, belts, metal surfaces, and more.
