### ABOUT

Join us for the 2nd Annual Hope in Action Community Event—a welcoming space where families, youth, and young adults can connect with local community partners and resources. This event is designed to help attendees learn about support and services related to:

- Human trafficking awareness and prevention
- Missing children, youth, and young adults
- Mental health and medical services
- Unhoused/homeless resources and basic needs supports
- And other local community programs

Whether you're looking for help, information, or ways to get involved, we invite you to come meet organizations who are here to support our community with hope, care, and connection

### VENDOR OR SPONSOR
