

COIN BY COIN

SECOND CHANCE DRAW & JACKPOT ROUND OFFICIAL TERMS & CONDITIONS

1. Overview

- 1.1.** The Coin by Coin Second Chance Draw & Jackpot Round is a complimentary bonus opportunity offered with selected Coin by Coin raffles.
- 1.2.** No additional payment is required to participate in the Second Chance Draw or to select a Jackpot Round card.
- 1.3.** The bonus is available only on raffles clearly advertised as including the Second Chance Draw & Jackpot Round before the main draw.
- 1.4.** Every paid entry in a qualifying raffle is automatically included in the Second Chance Draw, except the specific ticket that wins the main raffle. Inclusion does not guarantee selection to choose a Jackpot Round card.

2. Jackpot Round Game Structure

- 2.1.** Each Jackpot Round game consists of 53 individually numbered cards.
- 2.2.** Each card conceals a predetermined prize or outcome as detailed in the published Jackpot Round prize schedule.
- 2.3.** Once selected and revealed, a card is permanently removed from the current game.
- 2.4.** Unrevealed cards carry forward to subsequent qualifying raffles until all 53 cards have been revealed.
- 2.5.** A new 53-card game will not commence until the current game has been completed.
- 2.6.** A maximum of one card may be selected and revealed per qualifying raffle.

3. Second Chance Draw Procedure

- 3.1.** After the main raffle winner has been determined, a separate Second Chance Draw will be conducted using the paid entries from that raffle.
- 3.2.** Only the specific entry that won the main raffle is excluded. All other paid entries remain eligible, including any other tickets held by the main raffle winner.
- 3.3.** If the main raffle used a spinning wheel, the wheel will be spun again. If it used an RNG race animation, the race will be rerun. The same eligible ticket pool applies in either format.
- 3.4.** The holder of the ticket selected in the Second Chance Draw will be tagged in the live raffle comments and given 60 seconds, starting from the tag, to respond and select one available Jackpot Round card.
- 3.5.** If the selected ticket holder does not respond within 60 seconds, another Second Chance Draw will take place using the SAME eligible ticket pool. No ticket is removed because its holder did not respond.
- 3.6.** The same ticket may therefore be selected again on a subsequent spin or race rerun, even if its holder did not respond previously.
- 3.7.** This procedure repeats until a selected ticket holder responds within the response period and selects an available card. Only one card is revealed per qualifying raffle.

4. Card Selection and Prize Allocation

- 4.1.** The selected ticket holder must choose one of the remaining available card numbers within their 60-second response period.
- 4.2.** Once a valid available card number is selected, that selection is final and cannot be changed.
- 4.3.** The selected card will be revealed by the raffle administrator during the live draw.

4.4. Any prize revealed is awarded to the participant who selected that card, in accordance with the published Jackpot Round prize schedule.

4.5. Prizes are not transferable or exchangeable for cash unless expressly stated in the published prize schedule.

5. Attendance and Response Requirements

5.1. Participants are responsible for being available during the live draw if they wish to take advantage of a possible Jackpot card selection.

5.2. Participants do not need to be present for the original main raffle draw to remain eligible for its advertised prizes.

5.3. Failure to respond within 60 seconds forfeits only that particular opportunity to select a card. The ticket remains in the eligible pool for all subsequent Second Chance Draw reruns for that raffle.

5.4. Failure to respond does not affect any prize or entitlement already won in the main raffle.

5.5. Coin by Coin is not responsible for missed notifications, internet connectivity issues, delayed comments or other technical difficulties affecting a participant's ability to respond.

6. General Conditions

6.1. The Second Chance Draw & Jackpot Round is a complimentary bonus associated with selected qualifying raffles. No additional payment is required.

6.2. Coin by Coin will identify qualifying raffles before their draws commence.

6.3. The current Jackpot Round card availability and prize schedule will be made available to participants.

6.4. All selections, card reveals and prize allocations will be recorded by Coin by Coin.

6.5. Any disputes will be reviewed by Coin by Coin with reference to these published rules and available draw records.

6.6. Coin by Coin may suspend the Second Chance Draw or Jackpot Round where technical malfunction, administrative error or other circumstances prevent a fair process, subject to applicable laws and regulatory requirements.

6.7. These terms operate alongside the qualifying raffle terms and are subject to applicable Australian laws and regulatory requirements.

7. Acceptance of Terms

7.1. By participating in a qualifying raffle offering the Second Chance Draw & Jackpot Round, participants acknowledge and agree to these published terms and conditions.
