AI-Powered Fintech and Banking/Financial  
Technology, Media & Telecommunications  
Healthcare, Pharmaceutical & MedTech

Government and Public Services  
Aerospace and Defense  
Transportation / Airline Operations  
Home Improvement / Retail

## DIFFERENTIATORS

**Proven Performance in Regulated Industries** - Demonstrated success delivering secure IT solutions across highly regulated sectors including healthcare, fintech, aerospace, and government, ensuring data protection, risk mitigation, and regulatory alignment.

**Integrated Cybersecurity & Compliance Delivery** - Expertise in aligning cybersecurity implementations with regulatory frameworks (FTC Safeguards Rule, SOX, NIST, CISA, ISO, FedRAMP), enabling clients to achieve both security and compliance with a single strategic approach.

**Agile Governance & Risk Expertise at Scale** - Advanced knowledge of frameworks (PMI, Agile, SAFe, ITIL, Six Sigma) applied to enterprise-wide risk, governance, and transformation programs—tailored to both public and private sector demands.

**Client-Centric, Globally Scalable Support Model** - Flexible, responsive delivery model with the ability to support urgent client needs across time zones—combining global reach with hands-on, locally rooted execution.

## PAST PERFORMANCE

**Johnson & Johnson Services, Inc.** [Vendor: ALKU]

**Scope of Work: Information Security & Risk Management (ISRM) IT Project Manager** – Enhancing J&J's cybersecurity by ensuring full visibility of its technology landscape, modernizing access and authentication, and standardizing security and operations across all systems.

**Oportun Inc.** [Vendor: ALKU]

**Scope of Work: Senior Manager, Delivery Management** - Led mission-critical Security programs to ensure compliance with FTC Safeguards Rule §314.4, securing PII across IT, DevOps, and software product implementations.

**The Home Depot** [Vendor: The Proven Method]

**Scope of Work: Cybersecurity IT Program Manager** - Led Cybersecurity SOX Program, overseeing IT control implementation, scope review, process documentation, control design evaluation, issue remediation, and testing validation.

**Delta Air Lines** [Vendor: Mindlance, Inc.]

**Scope of Work: IT Product Release Manager / Change & Configuration Program Manager** - Led CI/CD pipeline operations supporting Delta's Enterprise Tech Services and Flight IT Operations product releases. Managed infrastructure projects for Middleware (distributed applications), overseeing all phases of the project lifecycle per Delta IT PMO standards.
