CORE COMPETENCIES

Services

Security Protection, Strategy & Operations	Cloud Data Security / Cybersecurity
Generative Artificial Intelligence (GenAI)	Portfolio / Program / Project Mgmt.
IT Governance, Risk & Compliance	Risk Management / Data Protection
Release, Change, & Configuration Management	Business / Digital Transformation

Industries Served

AI-Powered Enterprise Data Management	Government and Public Services
AI-Powered Fintech and Banking/Financial	Aerospace and Defense
Technology, Media & Telecommunications	Transportation - Airline Operations
Healthcare, Pharmaceutical & MedTech	Home Improvement / Retail

DIFFERENTIATORS

Proven Performance in Regulated Industries - Demonstrated success delivering secure IT solutions across highly regulated sectors including healthcare, fintech, aerospace, and government, ensuring data protection, risk mitigation, and regulatory alignment.

Integrated Cybersecurity & Compliance Delivery - Expertise in aligning cybersecurity implementations with regulatory frameworks (FTC Safeguards Rule, SOX, NIST, ISO, FedRAMP), enabling clients to achieve both security and compliance with a single strategic approach.

Agile Governance & Risk Expertise at Scale - Advanced knowledge of frameworks (PMI, Agile, SAFe, ITIL, Six Sigma) applied to enterprise-wide risk, governance, and transformation programs—tailored to both public and private sector demands.

Client-Centric, Globally Scalable Support Model - Flexible, responsive delivery model with the agility to support urgent client needs across time zones—combining global reach with hands-on, locally rooted execution.

PAST PERFORMANCE

ALKU [Vendor for **Johnson & Johnson Services, Inc.**]
Contract Length: Oct 2024 – Current | **Project Name:** Project Jamaica
Scope of Work: **Information Security & Risk Management - IT Project Manager** – Enhancing J&J's cybersecurity by ensuring full visibility of its technology landscape, modernizing access and authentication, and standardizing security and operations across all systems.

ALKU [Vendor for **Oportun Inc.**]
Contract Length: Jun 2022 – Mar 2023 | **Project Name:** FTC Safeguards Rule
Scope of Work: **Senior Manager, Delivery Management** - Led mission-critical Security programs to ensure compliance with FTC Safeguards Rule §314.4, securing PII across IT, DevOps, and software product implementations.

The Proven Method [Vendor for **The Home Depot**]
Contract Length: Jun 2020 – Jan 2022| **Project Name:** None – DevSecOps Support
Scope of Work: Cybersecurity IT Program Manager - Led Cybersecurity SOX Program, overseeing IT control implementation, scope review, process documentation, control design evaluation, issue remediation, and testing validation.

Mindlance, Inc**.** [Vendor for **Delta Air Lines**]
Contract Length: Aug 2017 – Mar 2020| **Project Name:** None – Flight Ops Support
Scope of Work: IT Product Release Manager / Change & Configuration Program Manager - Managed infrastructure projects for Middleware (distributed applications), overseeing all phases of the project lifecycle per Delta IT PMO standards. Led CI/CD pipeline operations supporting Delta's Enterprise Tech Services and Flight IT Operations product releases.
