AUGUST 7-9, 2024

DISCOVERY HALL
PACIFIC NORTHWEST NATIONAL LAB
RICHLAND, WA 99354

Applied Surface Science Division (ASSD) Topical Conference on Surface Analysis
And
35th Annual Symposium of the Pacific Northwest Chapter of AVS

The 2024 Annual Symposium’s technical session topics include:

• Design and Analysis of Energy Materials
• Functional Materials Synthesis, Characterization and Applications
• Theoretical and Experimental Studies of Catalytic Materials and Surfaces
• Advancements in Chemical Imaging of Surfaces, Interfaces and Nanostructures
• Surface Analysis of Bio-inspired and Bio-material Systems

**Emerging Leader Research Award:** Early career researcher attendees from Universities and National Labs are encouraged to apply for the Emerging Leader Research Award. The award has been established to recognize exemplary contributions to advancing the understanding of surface, interface, vacuum, and/or thin film science and technology.

**CONFERENCE CO-CHAIRS:**

Dr. Vijay Murugesan, Pacific Northwest National Lab
Dr. Ajay Karakoti, Pacific Northwest National Lab

**Call for Papers:** March 15, 2024

**Abstract Due Date:** June 15, 2024
