SPECIAL THANKS

Limitations live only in our minds...
but if we use our imagination and our
experience, the possibilities become limitless.

It's been a pleasure to work for all the clients
who have trusted us with their personal and
commercial spaces.

I hope and still hope to fulfill all their dreams.

THE VISION

We specialize in acquiring, designing and developing luxury, residential new builds, houses, tent interiors, soft furnishings from gypsum work to curtains, actual majlis and flooring. We have built our reputation through our consistent, high-quality of work and ability to convey a fresh, creative look to a variety of projects that we have developed in and around UAE.

We aim to be the leading interior fit-out company and a preferred interior design consultant for the new middle east.

Our common goal is to provide a high-end look with a cost effective, internationally renowned Interior Designs with specifications that are market-competitive and quality assured. We back it up with a tremendous effort to have outstanding customer satisfactions.

FOREWORD

Rana Mohamed Al Kassim completed her Bachelors of Science in Interior Design and Architecture from Westminster University of London, UK. She was a seasoned Corporate Current Affairs Personality with MBC in the UK and decided to practice her passion with Interior Design, Home Styling in Dubai with her very own, Classic Home Interior Decoration LLC.

From its foundation in 2001, Classic Home Décor's mission has been to develop high specification, distinctive homes for 21st century lifestyles. We work with an uncompromising passion for high quality and outstanding design; taking great pride in delivering unique character buildings that offers the finest standards of contemporary living and excellent investment opportunities.

We combine remarkable locations, cutting-edge design, exceptional specification and professional execution to create environments that reflect our customers' aspiration and continue to do so with each and every project we bring to market; consciously building on our reputation as one of the UAE's most exciting and innovative developers.

On behalf of all at Classic Home Décor, I would like to extend a warm welcome and hope you enjoy reading about our success thus far.

ATTENTION TO DETAIL

With every house we decorate, whether it's a new one or renewal, we set out to find and execute the perfect combination of latest technology, with the highest standard of traditional craftsmanship and dedicated attention to detail.

Even before ground has been broken, the Classic Home Décor team will be refining the design to make sure the blueprint for each property maximizes the plot's potential and delivers the most desirable home possible. We strive to over-deliver on specification and constantly maintain a high level of quality and finish across all our projects.

We achieve this by carefully combining thoughtful project management, meticulous planning and having absolute control over all aspects of the build process, by employing our own highly skilled team of designers and on-site managers.

THE MAJLIS WORK

The majlis is the sitting, hosting and socializing spaces in a traditional Arabic home, the counterpart to a Western living room, where the emphasis is on comfort, conversation and interaction.

The majlis concept is especially relished by Classic Home Décor as we look for an environment that celebrates Arab culture, but at the same time embraces innovation and contemporary style.

UNIQUE DESIGN

Every home we decorate boasts spectacularly sleek design and a superb level of workmanship. Every development is uniquely individual, allowing the freedom to be as creative as possible

We aim and succeed in decorating houses that have striking modern architecture, subtly blending in and enhancing the surrounding natural landscape, whilst creating aspirational interior designs that simply become the perfect space for relaxation and entertainment.

THE CUSHION & ACCESSORISATION

We launched cushionary which is a hand embroidered cushions with different themes on each cushion that tells a different story every time according to the home it will sit in.

Also cushionary sometimes complements the majlis we are designing so we add unique pieces of cushionary to complement the tent or majlis.

We do at Classic Home Décor also floral arrangements. We pride ourselves in our contemporary style, great services, and unique innovative designs in floral arrangements.

THE CURTAINS WORK

All our curtains are handmade to the highest specifications and most exciting standards. Classic Home Décor has been making curtains for over 14 years, and still embraces the challenge.

As one of the UAE's premier curtain makers, we've made every style of curtain from a multitude of different fabrics. "Over the years we've made a lot of sets of curtains in numerous designs, whether traditional or contemporary. Each set goes through a process of design and planning to ensure that they look exactly the way your imagined". As we all know, curtains add so much to the style to a room. Not only are they a practical solution to a window, they can offer a sense of elegance, drama and fun.

Company Profile

Vision

Is simply to become the leading media and advertising destination in the MENA region.

Mission

At Sharaf Media we are very generous when it comes to creative ideas and advertising solutions. Think of us as the "Dr. Phil" of the advertising field, we have an answer to every question or problem you may need to ask or be faced with (without all the drama). At Sharaf Media, we obsess about results like high school kids! That's why everything we do is result-oriented.

Our Values

At Sharaf Media, we never grow old and we never stop learning and literally. We're children at heart that always want to learn and play to accept new ideas and explore them, and we listen to a client's idea rather than just reply. Our passion for what we do is what mainly drives us down the road of perfection and our hard work is always to make and maintain long term relationships with our clients.

How we play it?

Our main goal in life (apart from losing weight, not drinking smoking) is very simple: **Create big ideas for ambitious brands.** What we will most likely come to you at the most inconvenient time and place that has happened to us too before, we do our best to make those ideas immediately, expand on them, and turn them into reality. Sharaf Media is an advertising agency that lives to pretend there is NO box. We don't like a dull idea and everything we come up with is guaranteed to be as unique as you wearing a yellow raincoat in June! Our ideas are usually based on knowledge rather than assumptions, and that's what make them special.

It all works together and we DO IT ALL.

The reason why we're where we are today is our progressive, research-oriented approach. Big words there huh? What we as Sharaf Media do is very simple; we listen to our clients, we understand them, we play around with their ideas until we get the result we want, and then we communicate this result with the audience. Sharaf Media is an advertising agency that doesn't just settle for good advertising, we aim for the best!

Photography

And by that we don't mean we just have a Digital SLR camera. From exotic locations, brilliant ideas, world-class skills comes great photography. Sharaf Media provides its customers with a boutique photography production house operating in Dubai, with international standards. At Sharaf Media we shoot everything from landscape to models to events and business dinners, edit and re-compose pictures according to your needs.
