

# ARMORDILLO GUARDS™

## Full Product Line Brochure

Revised: 12/17/2025

**Thank you for considering ArmorDillo Guards™;**  
**our line of CTL and skid steer protection accessories.**

### About Us:

We are the original designers and manufacturers of *ArmorDillo Guards*. We have been proudly supplying quality skid steer accessories from Plantersville, Texas for over 7 years.

### What We Can Do For You:

By investing in our guards, you are not only **safeguarding** your equipment but also increasing the overall **efficiency** and **productivity** of your operations. Our products are built to last, ensuring a long-term return on your investment. Operators and Rental Entities continue to enjoy the cost reduction resulting from **the protection of vulnerable machine components**.

### Why We Do It:

In our fast-paced world of construction and heavy equipment operation, *maximizing uptime is critical to your success*. Downtime due to equipment damage can translate into lost *productivity and revenue*. That's why we have developed these purpose-built guards and accessories with a primary focus on ensuring uninterrupted uptime for your operations.

**Thank you for choosing ArmorDillo Guards as your trusted partner** in equipment safety and reliability. We look forward to serving you and helping your operations reach new heights of success.

***"ArmorDillo Guards don't just protect your machine; they safeguard your money!"***

Sincerely,

William Lewis  
Vice President  
**Creative Alloy Products Company**

## Light Guards

Engineered to withstand the toughest conditions. **Light guards form a robust shield around your CTL/skid steer loader's front/rear lights**, offering protection against debris, branches, rocks, and even accidental collisions, without obstructing the functionality of your lights.
