

Hello Spotters!

At the link below you will find the latest Storm Spotter newsletter. We will review the past Monsoon season, take a look at all of the heat we've had, and get a peak at the outlook for late October and early November.

<https://www.weather.gov/media/psr/Skywarn/Spotter%20Newsletter%20-%20October%202024.pdf>

You can navigate to this, and previous newsletters, by going to our Spotter page ([weather.gov/phoenix/skywarn.html](https://www.weather.gov/phoenix/skywarn.html)) and scrolling down to the "Educational Resources" section.
