

WE DESPERATELY NEED FIELD DAY OPERATORS!

ARRL Field Day is the single most popular on-the-air event held annually in the US and Canada. On the fourth weekend of June of each year, thousands of radio amateurs gather with their clubs, groups or simply with friends to operate from remote locations.

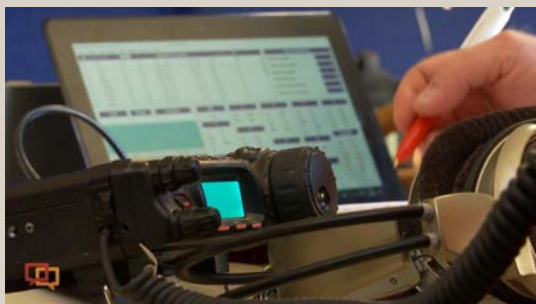

Our field day will be held at the **Dysart Community Center 14414 North El Mirage Road, El Mirage, Arizona 85335.**

For our Field Day to be a success, **we need your help!** We need operators and loggers. You don't need to be an old pro to operate Field Day. There will be very experienced operators on hand to assist. You will find this an interesting and fun event with lots of camaraderie!

We can't pull this together at the last minute however. We need you to call or email our Field Day scheduler (information below) as soon as possible and let him know what times and days you would like to participate. Your club officers are working hard to make this event enjoyable and a success.

We will not succeed without your help!

If transportation to and from the Field Day site is an issue, we may be able to help. Let the scheduler know when you call and we will see what we can do to get you a ride.

Snowbirds and Home bound members... you can work Field Day from home on your own station. You simply participate using your own call sign. Then, on the scoresheet you will submit to the ARRL, there is a place to record the name of our club. The name must be exact however, the name to use is: **WEST VALLEY AMATEUR RADIO CLUB - ARIZONA.** Your points will then be added to the club Field Day score.
