

# WVARC Shop Talk

## Got questions?

New to amateur radio? Not sure where to start? Join the other new users and some of our seasoned veterans to chat about your issues, questions, or problems.

No question is too silly. No problem is too small or too big.

Need a new antenna? Need an idea of what radio to get next? What other modes of operation are there? These are just some of the questions we can address.

What do amateur radio operators love to do? Talk to other amateur radio operators about amateur radio of course!
