

DID YOU KNOW?

Did you know that one of the best things you can do as a Licensed Amateur Radio Operator is to "pay it forward" by becoming a Volunteer Examiner?

Our club is currently in need of members who are willing to attend (twice per month) sessions to help those seeking to take their license exam. Each session is about one hour and gives you a great feeling, knowing that you were right there when a person (got their ticket) earned their first Amateur Radio License.

Once accredited, you will receive in the mail, a colorful laminated VE badge to wear at exam sessions and a certificate suitable for framing.

Read more about it here: <http://www.arrl.org/become-an-arrl-ve>

And make yourself familiar with the "Volunteer Examiner Manual", located on the "License Test Locations" page of our club website.

Then contact David Morrill, N7TWT, n7tw@cox.net who is our VEC (Volunteer Examiner Coordinator) and let him know that you would like to become a Volunteer Examiner. It's just that easy!
