

Dear
West Valley Amateur Radio Club
Members:

Our club has a few vital volunteer positions, still not filled at this time. Please let Danny know if you are interested:
480-709-0413~Danny

- Doug Totel, K9RZ, our Treasurer, is stepping down after two years of remarkable and dedicated service. His passion is in Audio/Video recording of meetings and events.

Thank You Bob, AB7RR!

- We are also in need of a Property Manager (Inventory Clerk), who oversees our storage lockers, donated equipment and meeting assets.

Thank You Matt, KK7CKE!

- Presentations/Guest Speakers for each of our monthly meetings don't grow on trees! If you have good connections throughout the valley (or just the gift of gab) we could use your help in recruiting some of these people to come and share their talent with our club members.

- Finally, we are also in need of 1-2 Reporters, who are able to attend meetings and events to jot down short and informative articles for the ShortSkip Newsletter and our website. Members like to hear about what's happening with their club and its members.

- If you can spare a handful of hours each month, this club could survive and thrive in 2022 and for years to come. STEP UP and make the difference!
