ANTIQUE RADIO MUSEUM

DISCOVER THE HOBBY AGAIN!

See how amateur radio has evolved from vintage equipment to modern digital communications. Explore our collection of radios spanning nearly a century and learn how operators today communicate around the world.

No Experience Needed — Just Curiosity

Whether you're a licensed operator, a former ham, or someone who enjoyed electronics and radio years ago, we invite you to stop by, share stories, and see what's new in the world of radio.

"The airwaves are still alive — and so is the spirit of radio."

All ages welcome • No admission fee • Visitors encouraged
