

## ***Safety Officer***

Point of contact for public officials

Insure there is a First Aid Kit, Fire extinguisher, and a individual who may be trained to give CPR in case of injury

Monitor participants for adequate hydration and insure water is available

NOTE: Safety officer or qualified assistant/s shall be on site for duration of the event

## ***Public affairs:***

David Cee (W7DCP) has volunteered to contact local law enforcement to stop by and see what we do and how we do it.

Fred & David will also be printing up some flyers that will be available for distribution to the various REC Centers etc. I will personally be taking some to the Sun City Rec Centers and will try to get something into the SCHOA weekly announcements.

That's it for now. As I said initially we are looking at this year's Field Day to be a fun club event as well as the contest. A good time to spend with friends, meet new friends and hopefully gain some new members.

See ya soon and thanks in advance for volunteering to assist.

To volunteer contact myself at [fpeters5227@gmail.com](mailto:fpeters5227@gmail.com) or DavidCee at [WVARC.shortskip@gmail.com](mailto:WVARC.shortskip@gmail.com)

Best regards and 73
