Description of Course:

Interpreting the Symbols and Types is a comprehensive study unlocking the biblical language of the symbol and type, allowing for a greater understanding of scriptural truth.

This language of divine origin reveals characteristics and shades of meaning that would be lost to the believer if he did not acquaint himself with this terminology.

Typology is a method of biblical interpretation that recognizes patterns, symbols, or events in the Old Testament (called “types”) that foreshadow or prefigure greater spiritual realities fulfilled in the New Testament (called “antitypes”).
