Description of Course:

This course is designed to equip believers with a biblical understanding of evangelism and the practical skills needed to effectively share the gospel of Jesus Christ. Students will study the biblical foundation of evangelism, exploring how Jesus and the early church modeled witness and mission. Key topics include the Great Commission, the work of the Holy Spirit in evangelism, developing a personal testimony, building relational bridges, and addressing common questions and objections to the faith.

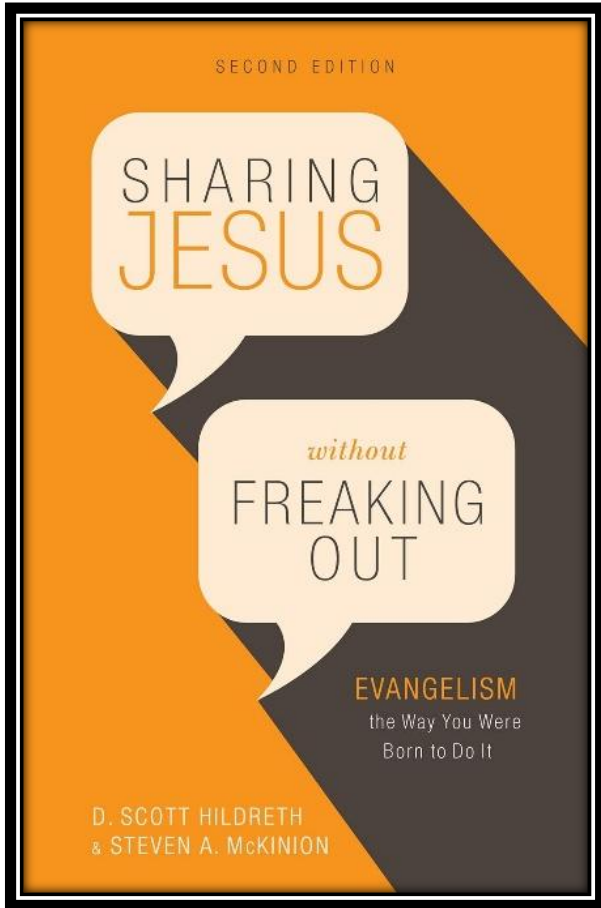

The class will also cover different methods of evangelism personal, relational, and public while emphasizing the importance of prayer, compassion, and sensitivity to the leading of the Holy Spirit. Through teaching, discussion, and hands-on practice, students will grow in confidence to communicate the gospel clearly and lovingly in diverse contexts.
