Description of Course:

Hermeneutics is the theory and practice of interpretation, a discipline focused on understanding texts, actions, and other phenomena to discern their meaning and significance.

The most important law of biblical hermeneutics is that the Bible should be interpreted literally. We are to understand the Bible in its normal or plain meaning, unless the passage is obviously intended to be symbolic or if figures of speech are employed. The Bible says what it means and means what it says.

This is an entry-level study of biblical interpretation, including guidelines for reading the various types of biblical literature, such as, gospels, epistles, prophecy, poetry, wisdom, etc.
