

## STATEMENT REGARDING COVID-19

Opera Festival Scotland prioritise the health and safety of their team, participants and audience members. We work closely with our partners and venue and we always follow Government guidelines.

As such, should Covid-19 remain a major issue, preventing groups singing together, musicians playing together, and audiences attending together, Opera Festival Scotland will postpone their programme until it is safe to deliver.

If this situation occurs, those who were invited to sing in the competition finals will be invited to sing on the amended competition dates, even if their age exceeds the guidelines of the date of the amended programme.
