## What our customers think...

"The food was absolutely amazing and the pricing is also fantastic!! Definitely recommend coming here!! .... The food has generous portions and is very well priced, especially around this area. It's also so good, and the owner is so nice! This is my new favorite spot to have lunch."  
Naomi Sasaki ★★★★★

"When I want a good turnout for an event, I order boba from Dado. I've since ordered things other than tea, and also have great things to say about their lunches and the people who get them to you. Jennie and the team are so kind and attentive! You can customize everything, and she makes sure you're getting what you need. I'm confident day-of that we'll have exactly the paper goods, veggies, gluten free options, etc we discussed, because they check in about all of that, even if you forget to ask about it! They've been kind and helpful during every step, from order to prep to delivery. Lastly, I'll say that I love the unique, creative, and healthy options on the menu! There's a huge variety of vegetarian options, which we really appreciate, and interesting combinations right alongside the old favorites. We love doing events with Dado!"
