■ Burned Supply ■ Fair Launch ■ Governance ■ Marketing & Promotion ■ Community Wallet ■ Developer ■ Airdrop & Rewards

SCOPX ROADMAP

SCOPX ROADMAP - PHASE 1: Q2 2021

- ✓ **BSC Smart Contract Design:** Our smart contract has successfully deployed and tested on Binance Smart Chain Testnet.
- ✓ **BSC Compilation & Deployment:** Successfully compiled and deployed the Smart Contract on BSC Mainnet (BEP20)
- ✓ **SCOP Community Fairlaunch:** Kicking-off the SCOP Community Fairlaunch at Pancakeswap and initiating Public Sale

SCOPX ROADMAP - PHASE 2: Q3 2021

- ✓ **Website Design:** Deploying SCOPXTOKEN.ORG for informational purpose about our project
- **BSC Safety & Secure Audit:** Auditing and Analyzing of Smart Contract by Solidity Finance
- **Whitepaper v1.0:** Official Whitepaper for SCOPX Version 1.0
- **Official Listing on Coingecko & Coinmarketcap:** Applying for SCOPX listing on Coingecko and Coinmarketcap
- **Marketing Campaign:** Implementation of massive marketing strategies
- Designed and developing for our Daps Website: scopxtoken.nft
- **Massive marketing campaign** using various platforms such as social media, billboards and etc. Partnership with reputable international marketing and advertising companies so as to expand SCOPX to potential investors

SCOPX ROADMAP - PHASE 3: Q4 2021

- **Developing and deployed our Daps Website NFT Platform & Marketplace:** scopxtoken.nft on Binance Smart Chain platform (Version 1.0)
- **Polygon Smart Contract Design:** Successfully testing out SCOPX's Smart Contract ERC-20 on Polygon Testnet and deploying SC to Polygon Mainnet
- **Bridging BSC-Polygon (Matic):** Bridge SCOPX on BSC-PolygonChain
- **Listing on DEX & CEX:** Quickswap, Waultswap & Uniswap, and other CEXs

SCOPX ROADMAP - PHASE 4: Q1 2022

- **Legalities:** Aligning SCOPX project to meet international cryptocurrency standards and requirements
- **Rebranding:** Rebranding of SCOPX to a new symbol and image according to international standard
- **Upgrading our Daps (scopxtoken.nft) version 2.0: NFT Platform & Marketplace** Enhanced by integrating more features & functionalities including integrating PolygonChain minting platform and Opensea (NFT marketplace) in our Daps Website and Mobile DApps. \$SPX will become utility token for all of these services.
- **Massive marketing campaign using various platforms such as social media, billboards and etc.**
- **Partnership with reputable international marketing and advertising companies so as to expand SCOPX to potential investors.**

SCOPX ROADMAP - PHASE 5: Q2 – Q4 2022

- **Listing on Major Exchange:** Looking into listing on major exchanges such as Coinbase, Kucoin, Huobi, Binance and etc.
- Upgrading our DApps Website and Mobile DApps to more functionalities and advanced usage including working with multiple blockchain platform.
- Partnership with more content creator, artist, parties such as content creators, artists, digital service providers, and others to optimize the use of our NFT DApps to a broader purpose.
- Adding new goal on our Roadmap.
