

# Animal Aid Spay & Neuter Clinic

## Pre-Anesthesia Services offered

We are dedicated to your pet's health and well-being. The procedure(s) your pet will need today require(s) anesthesia. Every pet undergoing anesthesia/surgery is examined prior to the procedure by the attending doctor.

### Pre-anesthesia blood screening:

We offer this service to screen for internal problems not readily evident on the external physical exam. These problems may include anemia, dehydration, infection, abnormal clotting, and problems with the liver, kidney, heart or other organs. These tests are the same as those performed on humans before any surgical procedure. The specific tests recommended will be determined by the age and condition of your pet.

Fees for these tests will range from \$30.00 to \$135.00 ACCEPT \_\_\_\_\_ \$ \_\_\_\_\_

### Catheter and fluid administration

The insertion of an intravenous catheter to provide fluids to your pet during a medical or surgical procedure. Providing fluids helps to prevent a possible drop in blood pressure while your pet is sedated, keeps your pet's kidneys functioning well, and provides an immediate route to administer life saving emergency intervention, if needed.

The fee is \$16.00 - \$33.00 ACCEPT \_\_\_\_\_

### Pain Management

The Veterinarian will provide pain management appropriate for each pet.

### Consent and Waiver

I hereby declare under penalty of perjury that I am the owner of, or am authorized to represent for this operation, the animal(s) listed below. I am 18 years of age or older and have been advised of all risks associated with this treatment.

I have no further questions regarding the procedure. I realize that there can be no guarantee as to the animal's condition or the outcome of any procedures. I have been advised that, in the event treatment requires anesthesia, there is a risk of injury or death, small as it may be, every time an anesthetic is used.

I waive any and all claims for damages against the Animal Aid Society, its officers and employees.
