 - family Dipodidae (jumping mouse)
 - family Echimyidae (coypus and nutrias)
 - family Erethizontidae (new world porcupines)
 - family Geomyidae (pocket gophers)
 - family Sciuridae (squirrels, chipmunks, marmots, woodchucks, and prairie dogs)
- Order Soricomorpha (shrews, desmans, moles, and shrew-moles)
- Order Xenarthra (edentates/sloths, anteaters, and armadillos)

Birds:

- Chukar
- Gambel's quail
- scaled quail
- northern bobwhite (36A, 36B, and 36C game management units)
- Montezuma, harlequin, or Mearns's quail
- dusky grouse
- Wild turkeys: South Mexican, Rio Grande, Merriam's, Gould's, Osceola/Florida, Eastern, Ocellated
- Migratory Bird Treaty Act species in 2019

Reptile:

- Crocodylians
- family Atractaspididae (burrowing asps)
- family Elapidae (cobras, mambas, coral snakes, kraits, Australian elapids, and sea snakes)
- family Helodermatidae (Gila monster and Mexican beaded lizard)
- family Viperidae (true vipers and pit vipers)
- brown tree snake
- boomslang
- keelback
- bird snake or twig snake
- family Chelydridae (snapping turtles)
- genus Gopherus (gopher tortoise and desert tortoise)

Amphibians:

- giant or marine toads
- genus Rana (leopard frog or bullfrog) except bullfrogs under property of state exception
- genus Xenopus (clawed frogs)

Fish:

- family Acipenseridae (sturgeon)
- bowfin
- freshwater drum
- bony tongue
- genus Astyanax (tetra)
- pike topminnow
- orders Carcharhiniformes, Heterodontiformes, Hexanchiformes, Lamniformes, Orectolobiformes, Pristiophoriformes, Squaliformes, Squatiniformes - except families Brachaeluridae, Hemiscylliidae, Orectolobidae, Parascylliidae, Scyliorhinidae and Triakidae (sharks)
- family Centrarchidae (sunfish)
- family Cetopsidae and Trichomycteridae (South American catfish)
- family Channidae (snakehead)
- White carp, South Asian carp/catla, rohu (Indian carp)
- family Clariidae (labyrinth or airbreathing catfish)
- family Clupeidae (herring and shad) except threadfin shad
- white amur or grass carp
- red shiner
- electric eel
- family Esocidae (pike and pickerels)
- family Hiodontidae (goldeye and mooneye)
- tiger fish
- silver carp
- bighead carp
- family Ictaluridae (catfish)

- genus Lates and Luciolates (nile perch)
- family Lepisosteidae (gar)
- whitefish and ide
- electric catfish
- family Moronidae (temperate bass)
- black carp
- family Percidae (walleye and pike perches)
- family Petromyzontidae (lamprey)
- American Paddlefish
- family Potamotrygonidae (stingray)
- genera Pygocentrus, Pygopristis, and Serrasalmus (piranha)
- family Salmonidae (trout and salmon)
- rudd
- family Serranidae (bass)
- *O. aureus*, *O. mossambica*; *O. niloticus*, *O. urolepis hornorum* and *T. zilli* (Tilapia)
- Arctic grayling

Crustaceans:

- families Astacidae, Cambaridae, and Parastacidae (freshwater crayfish)
- Chinese mitten crab

Mollusks:

- Asian clam
- family Dreissenidae (zebra and quagga mussel)
- rosy wolfsnail
- Conrad's false mussel/false dark mussel
- genus Pomacea (Chinese mystery snail or apple snail)
- New Zealand mud snail
- Aquatic Invasive Species Director's Order #1 species
