Legal as Pets	WDFW Permit	Legal for Pets	Ag Permit	WDFW Permit	
				Legal for Pets	This is only a guide of animals that <u>MAY</u> be legal in a state. Due to the extensive amount of laws involved that are constantly changing, UAPPEAL cannot guarantee the accuracy of the information. <b>Users are responsible for checking all laws BEFORE getting an animal.</b>

**SUMMARY:** Skunks, bats, coyote, fox, and raccoons are prohibited under the rabies law. Bans potentially dangerous wild animals, deleterious exotic wildlife, endangered and threatened species, ALL NATIVE species not unprotected, and prohibited levels 1-3 aquatic wildlife (aquatic invertebrates, fish, amphibians, and reptiles). Regulated species Type B are legal. Regulated Type B may be legal. Other exotics are not regulated.

\* Native Species List  
 Birds Seattle Audubon Society Bird Web

**DISCLAIMERS:**

- \* The laws listed above lists whether a species to legal to possess and import according to state laws and then any federally protected species with stricter regulations than the state. Be sure to review all federal laws as some ban certain species as pets or make it legal to possess a species but bans their interstate import in commerce or purchasing across state lines (you can still move with your animals across state lines).
- \*For states that do allow keeping wild-caught native species as pets, it is usually limited to game birds, game animals, furbearers, reptiles, amphibians and invertebrates. Such taking usually requires some type of hunting or fishing license in addition to any required captive wildlife permits. All laws must be followed, including daily bag and possession limits, seasons, size limits and location specific regulations.
- \* These guides are usually based on state fish & game laws, state agriculture and health import laws, and marine resource laws except when otherwise noted. Check laws for all requirements. Additional state laws may apply, including general animal control and care, livestock, and other health laws.
- \* Species lists vary on each state page depending on each state's law. While we try to include as many native vertebrate species as possible, we cannot guarantee that all species are covered above.
