

LOADER

GARDEN CENTER ASSOCIATE

This individual plays an integral role in assisting customers by safely and efficiently loading bags of soil, mulch, shrubs, trees, and other retail products into their vehicles. This position requires physical strength, attention to detail, and excellent communication skills to confirm the customer's order

This individual is responsible for the daily cleanliness (garbage maintenance) and upkeep of the retail loading zone and surrounding areas (grass cutting, edging weeding and mulching garden beds) and will maintain inventory organized in the loading area, ensuring that products are easily accessible, and the area is free from hazards.

While the main focus of this individual is on assisting customer with loading and taking care of surrounding areas, they must be comfortable and proficient with the cash register, ready to assist customers in completing their merchandise purchase.

Depending on daily deliveries, weather, and other needs, these responsibilities are subject to change to prioritize assisting with other daily needs.

Position: Seasonal/Temporary between May to August

Salary: \$16-\$19/hr experience dependent
