The Twelve Steps of Narcotics Anonymous

If you want what we have to offer, and are willing to make the effort to get it, then you are ready to take certain steps. These are the principles that made our recovery possible.

1. We admitted that we were powerless over our addiction, that our lives had become unmanageable.
2. We came to believe that a Power greater than ourselves could restore us to sanity.
3. We made a decision to turn our will and our lives over to the care of God as we understood Him.
4. We made a searching and fearless moral inventory of ourselves.
5. We admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. We were entirely ready to have God remove all these defects of character.
7. We humbly asked Him to remove our shortcomings.
8. We made a list of all persons we had harmed, and became willing to make amends to them all.
9. We made direct amends to such people wherever possible, except when to do so would injure them or others.
10. We continued to take personal inventory and when we were wrong promptly admitted it.
11. We sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.
12. Having had a spiritual awakening as a result of these steps, we tried to carry this message to addicts and to practice these principles in all our affairs.

The Upper Rocky Mountain Regional Service Committee meets the first Saturday of February, June, August & October rotating to different areas with the Regional Assembly held in April (CB).

Experience has shown us that members of the same sex better understand certain issues, such as sexuality, family or identity problems, relationship problems, etc. We are emotionally unstable and it is easy to form emotional bonds with members of the opposite sex. This detracts from our program and could spell disaster, especially for the newcomer.

(IP No. 11 – Sponsorship)

PHONE NUMBERS (CALL BEFORE YOU USE):

A meeting a day for at least the first ninety days of recovery is a good idea. There is a special feeling for addicts when they discover that there are other people who share their difficulties, past and present. In time, we can relax and enjoy the atmosphere of recovery. Meetings strengthen our recovery. We may be scared at first because we don’t know anyone. Some of us think that we don’t need meetings. However, when we hurt, we go to a meeting and find relief. Meetings keep us in touch with where we’ve been, but more importantly with where we could go in our recovery.
