Walk with DeCo's 6th Annual Trot with DeCo

ONE MISSION: FUND MEDICAL RESEARCH THAT CHANGES LIVES.

For five years, friends, families and supporters have gathered on Thanksgiving morning for a Turkey Trot With DeCo—a fun, family-friendly 5K run/walk created to bring people together and share a tradition of giving back on Thanksgiving. Walk with DeCo (WWD) is a 501(c)(3) charitable organization. 100% of all donations fund genetic vascular disease research.

This year, we're looking to take it to the next level—growing from our typical neighborhood participants to several hundred participants. Our goal for 2026 is to raise \$5,000-\$10,000+ for genetic vascular research.

WHY WE TROT

Vascular Ehler's Danlos Syndrome, or VEDS, is a rare and serious disorder that can cause life-threatening vascular complications. The DeCoursey "DeCo" family knows firsthand how devastating VEDS can be. Mike suffered a limb- and life-threatening arterial dissection but was incredibly fortunate to recover and walk again. We turned that experience into something positive... Walk with DeCo, that supports innovative research to help the VEDS community and improve the lives of people living with vascular disease. After six years we've raised and donated more than \$100,000 to research. Go to our website below to learn more about the groundbreaking research we support.
