IMPORTANT Prerequisite!

EVALUATION/PLACEMENT LESSON

EquesTraining requires that all prospective students schedule an Evaluation Lesson prior to beginning either regular lessons or our standard camps. *If you are already a student riding with EquesTraining, or are attending one of our special events or non-standard camps, this requirement is waived for camp attendance or regular lessons.*

The cost for the Evaluation, pre-camp, or regular lesson program, is \$65.

What is the purpose of an Evaluation Lesson?

A private Evaluation Lesson allows us to get acquainted with a new student and they with us so that we can know best how to create the ultimate social learning camp experience for each individual. We want to know what a student already knows and help them understand what to expect to learn in camp lessons. This applies to the beginning level students and experienced riders, alike.

EquesTraining lessons and camps are taught to the high safety and capability standards of the United States Pony Clubs and PATH International, so parents are assured of the level of quality of instruction. Safety, Fun, and a Quality learning experience are our goals. Our horses and ponies are well-trained and enjoy working with people of all levels. We strive to make each equestrian experience one that will have a lasting positive effect on the well-being of all concerned.

Have the time of your life with horses!

Riding, working with, just being around horses can be beneficial to human beings. Our goal with EquesTraining is to help each person and horse develop the necessary communication skills to create the maximum life changing, life affirming, experience for both. Current social health guidelines will be followed as activities permit.

“Horses and riding are serious FUN for mind and body!” –WHB

We want you to have a wonderful camp experience and come back for more horsing around! Check out our lesson programs for year round riding with EquesTraining....
